

Perfect Pinkies Covid Salon Guidelines

Before you arrive:

- If you have any symptoms please contact the salon and rebook for 2 weeks later.
- Bring a face covering with you to wear during your treatment(s).
- Only water is permitted to be consumed by the clients so you can bring your own water bottle or water can be served from disposable cups.
- Unfortunately, only people that are having a treatment can enter the salon.

What to expect when you arrive at the Salon:

- Please wait outside the salon (at your appointment time) until you are invited in by a Beauty Therapist.
- When you are invited in you will be asked to wear your face covering or will be given one by the Beauty Therapist.
- We will take your temperature at the entrance – if it is above 37.8°, you will be sent away and asked to rebook after two weeks.
- You will be given hand sanitiser and if you also wish to wash your hands, you may do so before the treatment.
- Your Beauty Therapist will lead you to your treatment area to begin your treatment and ensure that it is a relaxing and pampering experience.
