Children Support Program

" IT TAKES A GOLDEN HEART! "

EDUCATION | SUSTAINABILITY | HEALTH

20 plus years ago, our Founder, Fanta Sesay, unofficially began this philanthropic movement by aiding in the fight on the war against poverty in West Africa. She didn't have much when she started. Just a golden heart and a vision of a better Africa in mind.

Armed with years of nursing experience in the United States, she knew that she could use her skills as a powerful tool to take back home to help the less fortunate people of her native land - Sierra Leone.

Since that time, her love for humanity has continued to grow and deeply inspire the world in an impactful way. It has motivated other people who share that same golden heart to support the mission of changing the world 1 CHILD and 1 VILLAGE at a time.

OUR 2019 - 2020 IMPACT

Total Number of Children & Families Impacted in West Africa (directly & indirectly)

4,000+

GUINEA

2,000+

SIERRA LEONE

100+

VOLUNTEERS

CURRENT PROGRAMS
