*INTENTION

OUR ORIGINAL INTENTION

We originally intended to start a small operation of 2 yearly programs and 1 center of excellence.

Since our successful mission trip in 2019, our foundation's initial intention has grown and significantly blossomed.

Naturally, as the support continues to widen, we expand our view of what is possible.

OUR ENHANCED INTENTION

- To build & develop 10 Centers of Excellence in 10 years!
- Develop ways to show **TANGIBLE PROOF & EVIDENCE** of our work in the field.
- Encourage & provide opportunities for donors to give in more intentionally-sustainable ways.

*MISSION

We have stayed true to our mission of enhancing the quality of life for children by providing communities in Sub-Saharan Africa with access to life-changing opportunities and sustainable solutions.

**LIFE-CHANGING
OPPORTUNITIES**

CSP has provided sustainability grants & opportunities for community development.

**SUSTAINABLE
SOLUTIONS**

*POVERTY

The CSP Foundation is committed to creating positive solutions that last for generations; just as our founder originally intended. These solutions address the root cause of poverty.

We believe that Systemic Poverty Requires a Systemic Sustainable Solution. Our approach requires ACTIVE COMMUNITY-BASED involvement. We provide access to the necessary resources and tools to fulfill the goal of achieving 100% future sustainability.

A SPECIAL THANK YOU!

On behalf of The CSP Foundation - Children Support Program, we would like to publicly acknowledge our first generous public donor.

DAWN O. BRAITHWAITE, Willa Cather Professor & Chair of the Department of Communication Studies at The University of Nebraska - Lincoln.

Thank you for believing in us from the beginning! You saw the vision by simply previewing 1 photo of our Center of Excellence and listening to a compelling story of our work during an Uber ride. You believed in us while our website was under construction and we were away on a mission trip.

We greatly appreciate you and your compelling vision!

OUR FINANCIAL STORY

Since our “official” inception on September 09, 2019, we started with a 3-man team of unpaid dedicated volunteers. We then grew into an international operation with a mix of over 100 on-call and stationary volunteers. Through our founders generous gift donations we were able to make a major impact in 2019 & 2020. Perhaps our greatest success yet was realizing our Founders dream of helping needy children & families in Africa. We hope to expand our capacity to give, build and grow in 2020 with more funding and support from the world.
