CPW Draw & Preference Point Hunt Codes

# Primary Draw March 1-31

Please refer to the information below to determine the season for your booked hunt. Match the season with the corresponding hunt code for the draw. Once you have obtained the necessary code for your hunt, please follow this [LINK](#) to watch a video tutorial on how to successfully submit a Colorado Parks and Wildlife (CPW) draw application.

If you have booked a hunt for 2026 or later, you will need to obtain a preference point for the hunt you have selected. We ask that you do this even if you will be using a landowner voucher.

If you are a private land elk or mule deer hunter, we ask that you still participate in the draw to try to obtain a hunting license. Even if you are unsuccessful, we will provide you with a landowner voucher to redeem upon arrival.

After you have successfully submitted your application, please send a text confirmation to 719-782-0140 with your full name, the name of your group leader, and the season you are booked for. Thank you! If you have any questions at any time, feel free to call Kolten at 719-280-7401.

## CPW Draw & Preference Point Hunt Codes

To apply for a point, enter Preference Point Code as your first-choice hunt code on your application. You can gain a preference point as a first choice on your primary draw application to use in another year. You can use your second through fourth choices on the same application to apply for a license. You may only submit one application per species, per draw, per year. Note that the secondary draw does not gain or use preference points.
