Dear Neighbor,

Please join our campaign, Project Back to School - Stay in School Safely, 30 days of giving towards our goal of \$50,000 ending on Giving Tuesday, December 1st. Los Olivos School is the first public school in the SYV to return to in person learning 5 days a week. In order for our children to return to and remain in school safely, Los Olivos School has invested in heavy duty tents, plexiglass for each staff member and student, flexible seating options, industrial sanitizer sprayers and more. It is our goal to alleviate that financial burden. For details, please visit our website losolivosfoundation.org or text GOSPARTANS to 44321 to contribute.

Thank you for your continued support!
