

THE FASTING PODCAST **WOW**: EPISODE 43 – DUMPING HOLIDAY WEIGHT GAIN

# EPISODE 43: DUMPING HOLIDAY WEIGHT GAIN

The Fasting Podcast **WOW** (Wellness & Optimal Weight)

Host: Julie Phillips, CNHP

### Get it Off Quick Approach – With Big Goals & Plentiful Activity

- If you're willing & feel safe, start with a 24-hour water fast noon – noon, drinking lots of pure water (or even a 48 or 72 hour fast)
- When breaking the fast, keep the food light weight, highly digestible, very low carb
- After doing a fast this long, it might be easy to go to OMAD – one meal a day e.g. noon
- When close to goal, it might feel extravagant to eat TMAD two meals a day

### Tools to Consider Using

- Consider an oxygenating magnesium to put oxygen & alkalinity into the intestinal wall, support bowel movements, and slowly clean sludge off the intestinal wall, which a fiber could pick up & eliminate into toilet
- Consider a good fiber (e.g. glucomannan) for filling you up daytime & soaking up toxins & fat before bed)
- Consider our WOW digestive/gut blend with enzymes, probiotics, & more for taking 3 before bed to break down toxins & fat
- Consider WOW Wellness & Optimal Weight drops (episode 8) for appetite, cravings, emotions, hormones, detox, ...

### When Holiday Weight Gone

- Compared to 24-72 hour fast, going to TMAD most of the time & 6-hour or 4-hour eating window might seem easy
- 1/week or bi-weekly, get metrics with body composition scale & measuring tape
- Keep learning facts, tips, tools (e.g. this podcast) and share with others
