

# BALBOA 2+2

The Balboa 2+2 is a 2 sleeper version of the beautiful Balboa Motorhome. This new idea in motorhomes was designed to meet the needs of couples who travel alone and have no need for multiple sleeping accommodations. The new floor plan provides two comfortable settees available for sitting or sleeping at all times. There is no need for lifting or dropping tables, lowering folding seats or using insert boards. The new layout offers more floor space for walking around, added locker space and a more convenient galley arrangement. For couples who have one or two small children, the area above the driver's cab will accommodate two children or provide storage for suitcases or similar large packages.

## BALBOA 2+2 SPECIFICATIONS AND STANDARD EQUIPMENT
