*Elevating brands with strategy & innovation.*

# DEAR PARTNER,

My name is Gabrielle Victoria, Founder and Principal Consultant of GV Innovative Strategies LLC. I launched my firm in 2021, on the heels of the pandemic, during a time when many professionals were navigating uncertainty and redefining what was next. Like many Americans, I experienced an unexpected job loss that left me unsure of the road ahead. Yet in that season, I was reminded of the power of community. With the encouragement of mentors, family, friends, and those who believed in my gifts, I began rebuilding.

What started as a means of survival became an opportunity to create something lasting—an organization rooted in communication, creativity, strategy, and the desire to help others bring their visions to life. Today, GV Innovative Strategies remains a woman-owned, Black-owned creative consulting firm that partners with entrepreneurs, executives, and organizations to elevate their presence, create unforgettable experiences, and transform ideas into action.

As we celebrate five years in November, this milestone represents far more than business growth. It reflects the relationships, collaborations, and shared goals that have shaped this journey. Every opportunity, partnership, and accomplishment has been made possible because someone extended support, opened a door, shared their expertise, or believed in the vision.

To honor this five-year journey, we are thoughtfully curating **"After Five: The Art of What's Next"** on **Sunday, November 1, 2026**—an elegant and immersive evening celebrating the relationships, collaborations, and experiences that have defined this moment in our history. Guests will experience an intentional blend of jazz, art, elevated design curated conversations, and celebratory moments that honor the past while inspiring what lies ahead.

We would be honored to welcome you as a valued Partner for this milestone celebration and collaborate in creating an evening that reflects the power of connection, purpose, and collective impact.

Thank you for considering being part of this milestone moment.

With gratitude,

*Gabrielle Victoria*
