

A decorative border surrounds the central text. It features stylized illustrations of hands holding plants, green and gold leaves, and various star shapes in teal, gold, and light brown. The background is a light cream color.

Other Worlds

PHOTO STORY BY: ADDISON MACKENZIE SUIT

Photographer's Note

Being 3,000 miles away from home, I was searching for places of peace and thrones of rest.

On my journeys through London and Paris, I stumbled upon and sought out locations where it was easier to breathe. Places reminding me that home can be found in the hearts of every corner of the world.

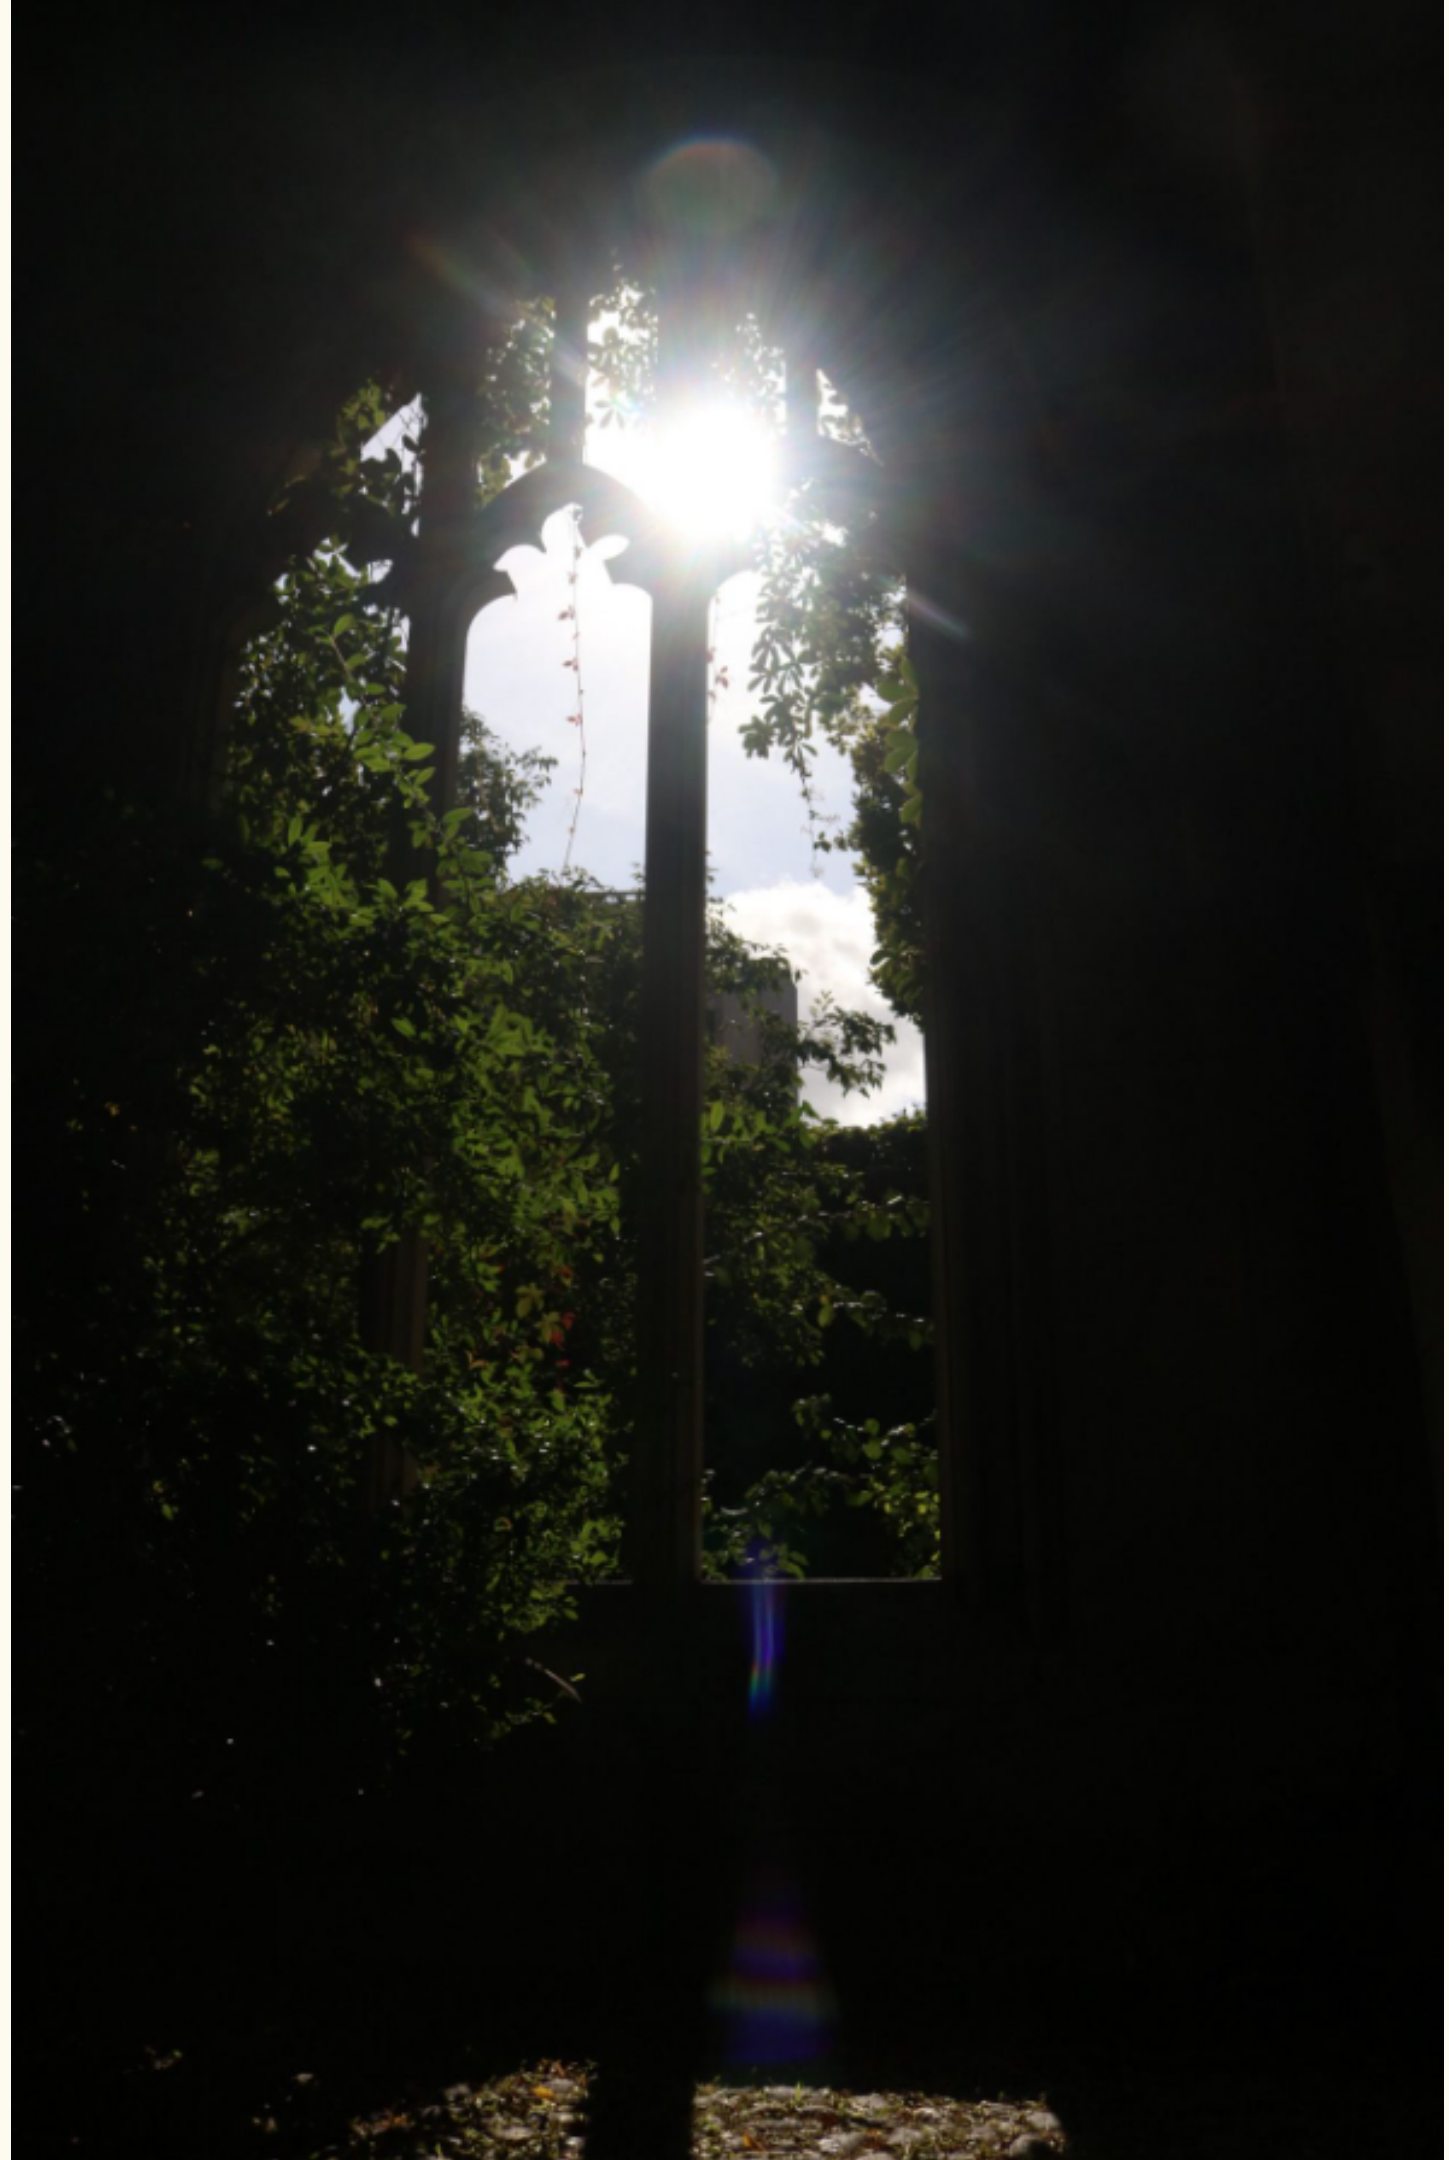

Within these other worlds I found home, and I hope you might too.

The background features a repeating pattern of stylized floral and star motifs. In the corners, there are illustrations of hands holding branches with green and yellow leaves. Interspersed among these are various star shapes: some are teal with eight points, and others are larger, light brown, multi-pointed stars. The overall aesthetic is reminiscent of early 20th-century decorative arts.
