## Pets of the Month: Honey, Cypress and Maple

This trio has been at the shelter since 2017. They've become our resident cats, but they would rather live in a quiet home where the owner understands cat behavior, as all three are on the shy side, and Cypress can be moody. They came to the shelter as a family – Honey and her tabby son and daughter (who have been known to get into typical sibling spats), but they can be adopted individually. Will you consider giving them the life they so deserve?

## CRESTWOOD ANIMAL SHELTER RECEIVES 2020 COVID-19 OPERATION GRANT FROM PETFINDER FOUNDATION

In April, the Shelter received notification from [Petfinder.com](http://Petfinder.com) that we were the recipients of a \$250 grant to use for the care of our cats and dogs. The much needed and appreciated funds were used for veterinary care for Miranda, Ruth and Benny. Miranda was adopted immediately, while Ruth is recuperating – and doing very well – with a kind volunteer. Benny is enjoying his time with his foster family while he awaits his “forever” home.

## CITY OF CRESTWOOD WAIVES SHELTER'S RENT FOR REMAINDER OF 2020

After two of the shelter's major fundraisers were cancelled due to COVID-19, an inspired shelter volunteer contacted Crestwood Mayor Grant Mabie and Alderman Mary Stadter for assistance. They made a proposal to the Board of Alderman to forgive all rent payments by the shelter for the remainder of 2020. The motion was unanimously approved by the Board. This kind gesture has freed shelter funds so that we can continue to provide for the pets in our care. We are very grateful to the City of Crestwood for its generosity!

## *LOVE STORIES*

### *Adopted Siblings Bring Joy to New Family*

This is my love story about Annie and Tiger (previously Pink and Red). I was trying to get over the loss of my sweet cat, Sophia. She was my baby for 19 years and the best cat I had ever had. I decided to talk to Lisa to find out what kitties were available for adoption. Upon visiting the center, I immediately fell in love with Pink. She was tiny and had such a sweet face. I did notice her brother, Red, but thought I had made my decision. I believe they were from a hoarding situation and they were the only babies that survived. After I got home, I found out someone had already said they wanted Pink. I was devastated but said I would come back out and spend a little more time with Red. I went back numerous times and decided I would adopt Red. Then I was told the person backed out on Pink. Now what was I to do? How would I choose one over the other because I had no intention of bringing home two kittens! The staff was so patient with me, and encouraged me to take both. I just cannot put into words how glad I am that I adopted them together. Tiger is my friendly, outgoing, and loud talker, and sister Annie is reserved but super sweet, and doesn't make a sound. They are such a joy to watch as they play with one another, chase each other around the house, and scale their beloved cat tower. They love their big dog sister, Ellie, and Tiger especially loves to cuddle up with her if he is not cuddling with Annie. Louie their small dog brother, tolerates them. I truly love them both and I am so grateful they are a part of our family! -- **Cathy**
