LEADERS IN SIGNATURE AFRICAN SAFARIS

— Where Every Journey Feels Like Family —

More Than a Safari — A Signature Experience

Our African safaris are not one-size-fits-all tours.

They are carefully crafted, personally hosted journeys designed to give you the very best Africa has to offer.

From breathtaking sunrise game drives to up-close encounters with the Big Five, every moment is thoughtfully planned to create a seamless, immersive experience — without the stress or guesswork.

This is what we call a **Signature African Safari.**

Personally Hosted. Every Step of the Way.

What truly sets ChmieBell Tours Africa apart is simple:

We are with you.

From the moment you depart to the moment you return home, Patty and Michael personally host each safari — ensuring every detail is handled and every guest feels taken care of.

Patty brings the energy and excitement that makes each day unforgettable, while **Michael** provides a calm, steady presence that keeps everything running smoothly.

Together, we create an experience that feels less like a tour... **and more like traveling with family.**
