

Dear Client,

You deserve this early look at your health status! Here's some helpful information that will help you prepare for your appointment. Looking forward to meeting you!

- **Please bring your completed questionnaire.** If you can't fill it out before your appointment, please let the office know and arrive 15 mins early to the appointment so we can have a copy ready for you to fill out.

Special Instructions for your imaging:

- No breast surgery, chemotherapy or radiation treatments 3 months prior to your imaging.
- No breast biopsy for one month prior.
- Lactation: Imaging is recommended if there is a problem or concern. However, a baseline is not recommended for at least 3 months after the last active breastfeeding.

48 hours prior to your appointment:

- Avoid drinking any alcohol

24 hours prior to your appointment:

- Avoid exercise or heavy physical activity.
- No massage or lymph treatments.
- No chiropractic adjustments.
- No saunas, steam baths or hot tubs.
- No hot or cold packs.

Day of Exam:

- Avoid heavy makeup. Oil based products on the body will affect accurate detection by the camera.
- No hot shower within 4 hours prior to imaging.
- Avoid oily deodorants or creams on the skin, especially essential oils.
- No heat lamps or sunburn - you will have to reschedule.
- Do not shave the area to be imaged.
- **For head imaging, do not eat for at least 2 hours prior.**
- No gum chewing.
- Please run your A/C or heater but avoid A/C or heater in the car blowing directly on you.
- You will be asked to remove all jewelry in the area to be imaged. If you cannot remove certain jewelry pieces such as nose or belly rings, just let us know so we can note it.
