Art Search: prior art searching services through Seoul Techno R&C Co., an affiliated company specializing in technical search.

International Intellectual Property Management Made Easy.

OUR APPROACH IS SIMPLE

Innovation and commitment to rapid technology development may fuel your company's growth, but your competitive edge is dependent on a solid strategy for protecting your intellectual property.

Without these safeguards, your company's commercial and financial value is vulnerable to infringement and devaluation.

Let us help you navigate the ever changing international intellectual property protection and enforcement process through implementation, administration and management of your portfolio patents and trademarks around the world.

OUR COMMITMENT

Our Closed Loop Process will take you seamlessly through research, creation, and management: discovery, assignment, cost benefits analysis, registration, implementation and protection
