At this time, the connected device will appear on the APP home page .

Then you can click directly to the device interface to see the monitoring situation

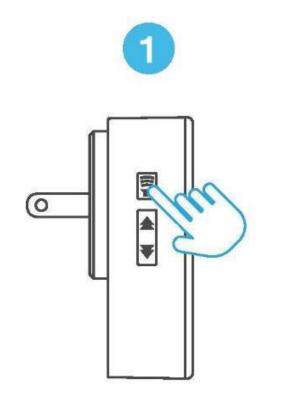

First Time Use

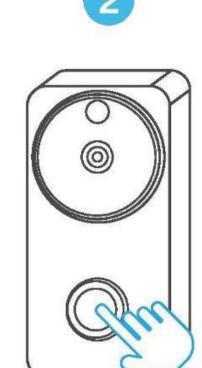

- 1. Plug the chime into an outlet. The default ringtone "Ding-dong" will be played at volume level 5, with the LED indicator blinking.
- 2. Short press on the volume control button to adjust the volume. Level 1: mute (only the indicator flashes). Level 2 ~ 5: the volume gradually increases.
- 3. Ringtone selection:
 - 1. Press on "previous/next" button to select a ringtone.
 - 2. Press and hold "volume control" for 5 seconds to use the selected ringtone.

Chime Pairing

- 1. First, select your favourite ringtone as mentioned previously, then press and hold the volume control button for 5 seconds until you hear a "ding" sound. The chime will be in pairing mode for 8 seconds.
- Press the call button 1-2 times on a video doorbell nearby, and a "ding-ding" alert sound will be heard from the chime. This means pairing was successful.
- 3. Press the call button again on the video doorbell, and the indoor chime will alert with the selected ringtone, and the LED indicator blinking.

Note: The chimes and doorbells support "one-to-many" & "many-to-one" pairing.

Resetting the Connection

To reset, press & hold the next button for 5 seconds until you hear a "ding". The indoor chime will be restored to the factory default.
