

Three Ways To Connect

1. Work With WiFi

2. Work With Roter

Install Free App

Download APP: scan the QR code below to download and install. Register and login: open the "MySmarth" APP to register and login according to the prompts.

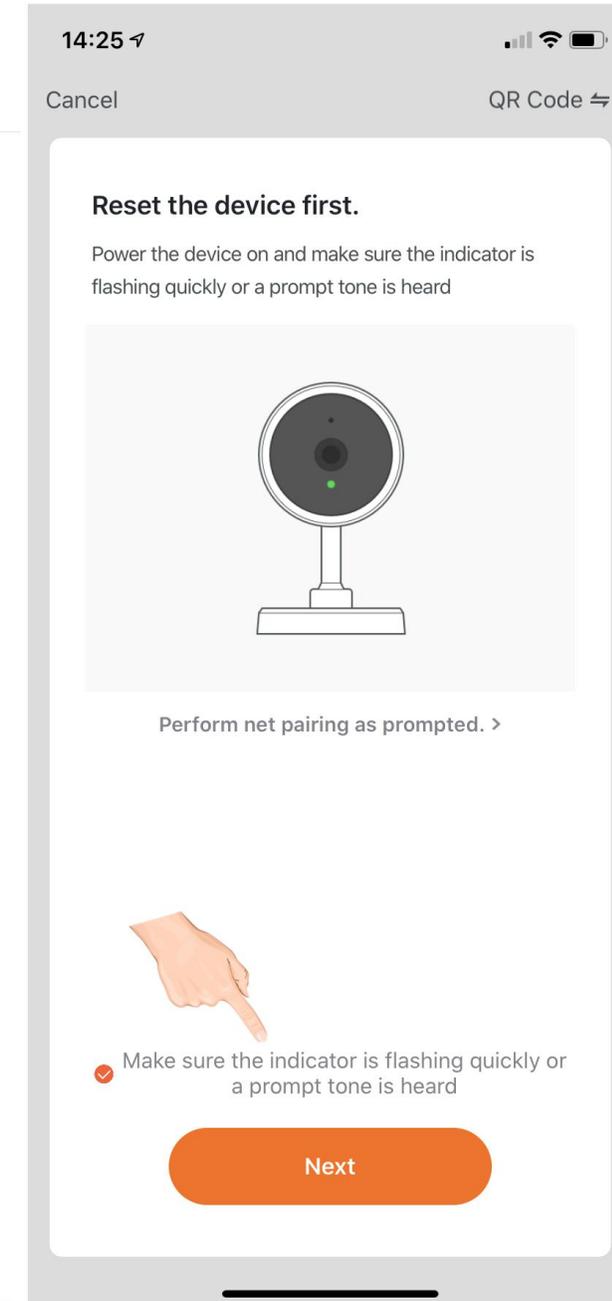

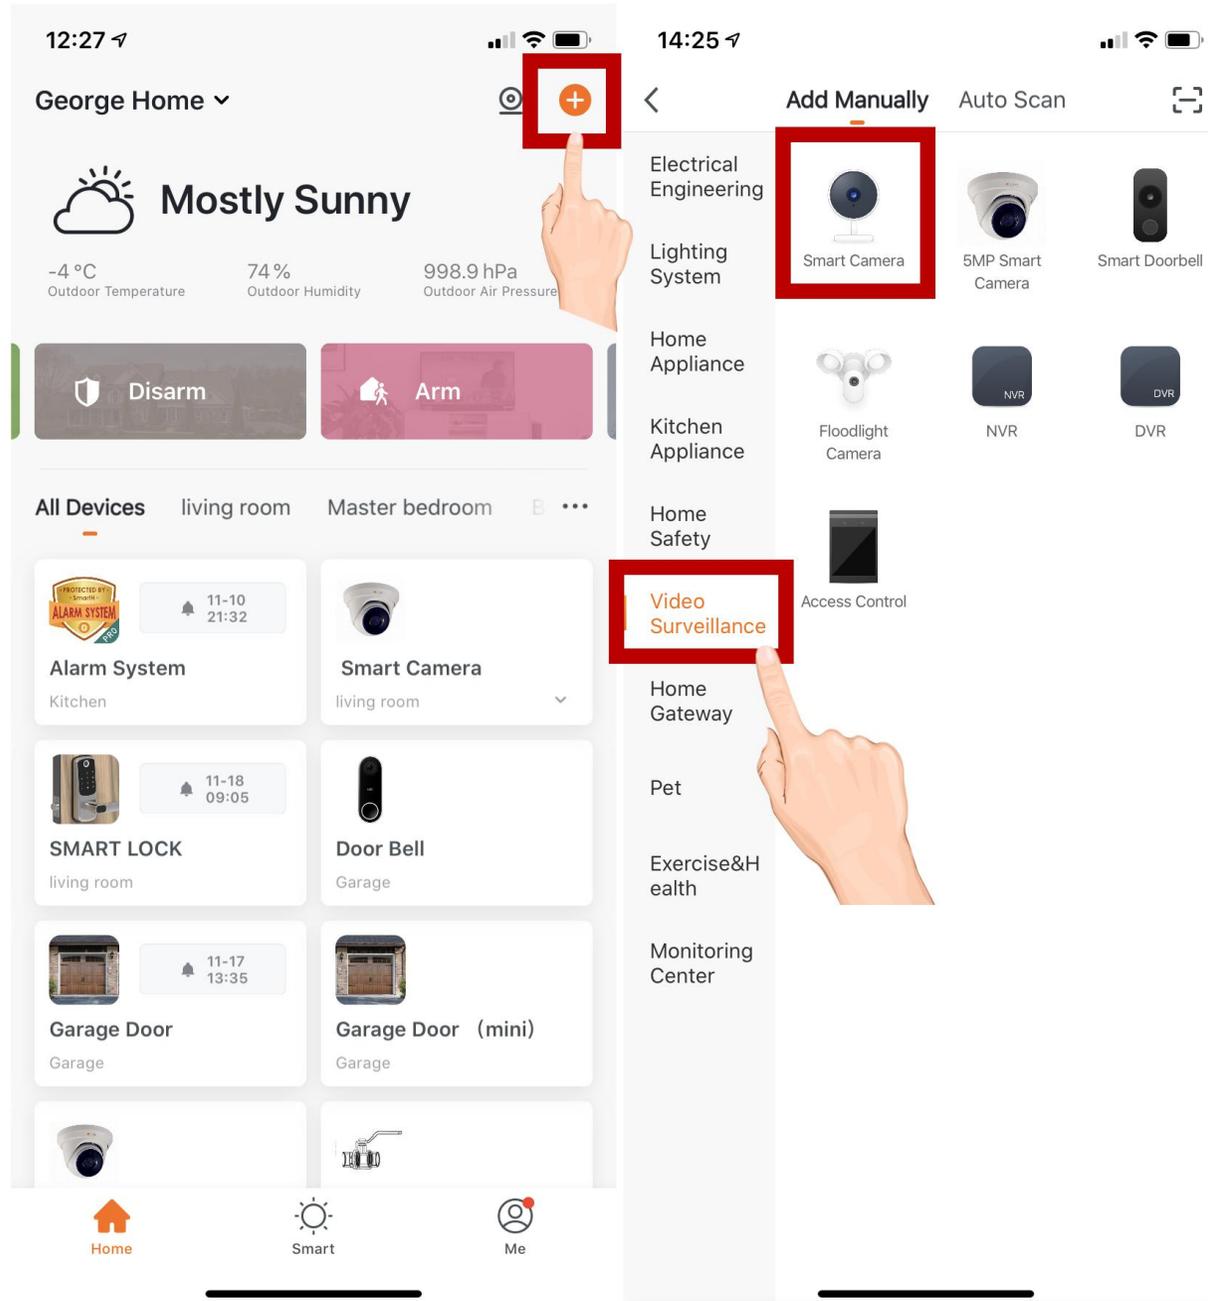

Add The Device- Scan QR Code Mode

Make sure Wi-Fi is available and connected to the Internet.

-Connect the camera to the power, then system startup completed.

-Open "MySmarth" APP, press the '+' in the upper right corner of the main screen;

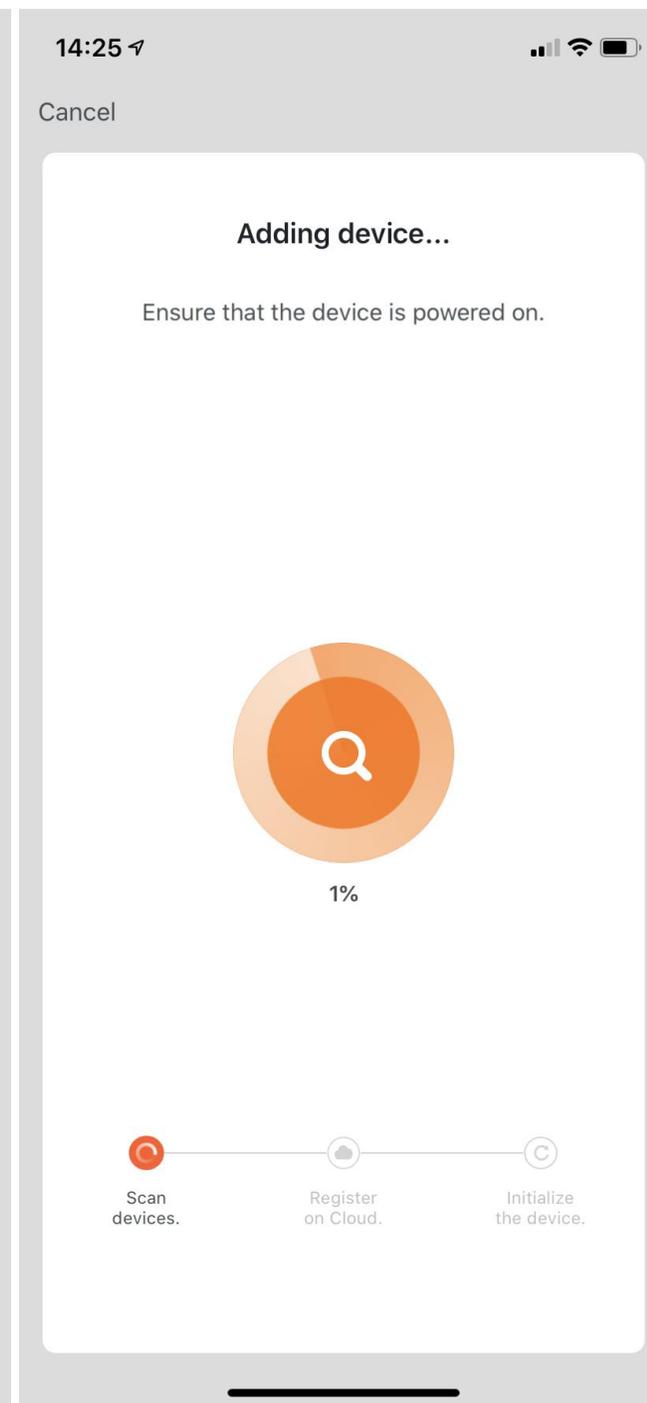

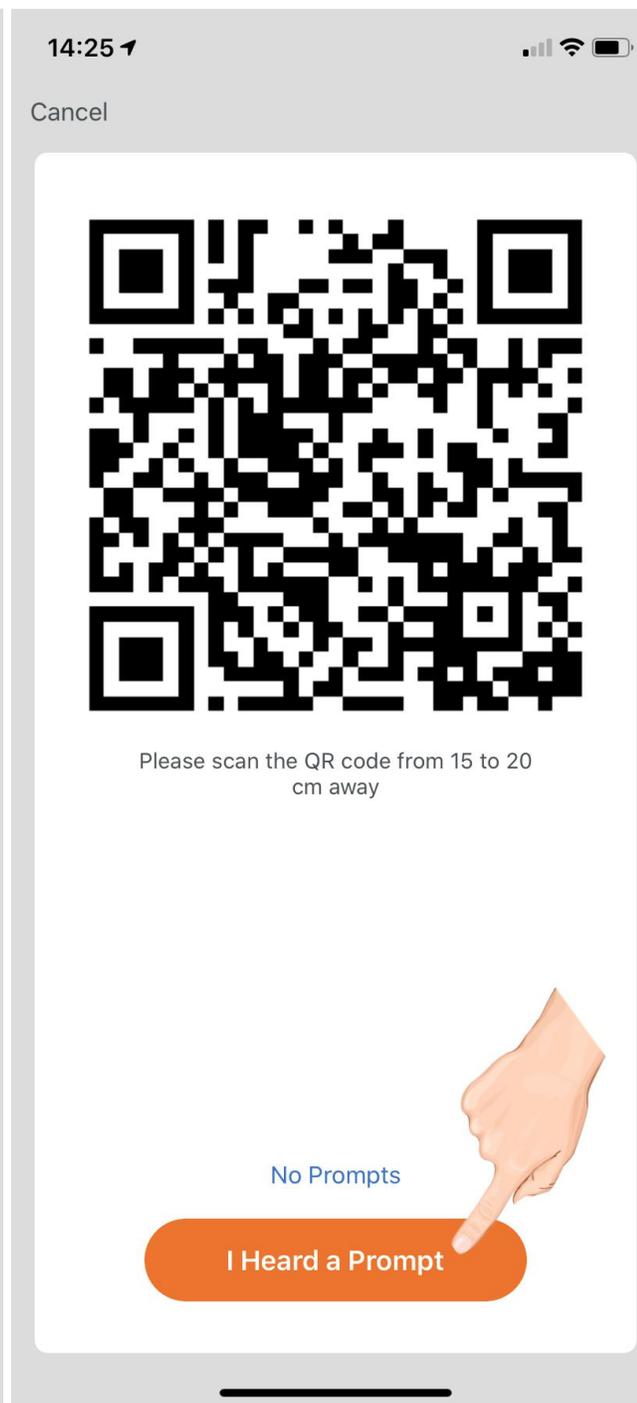

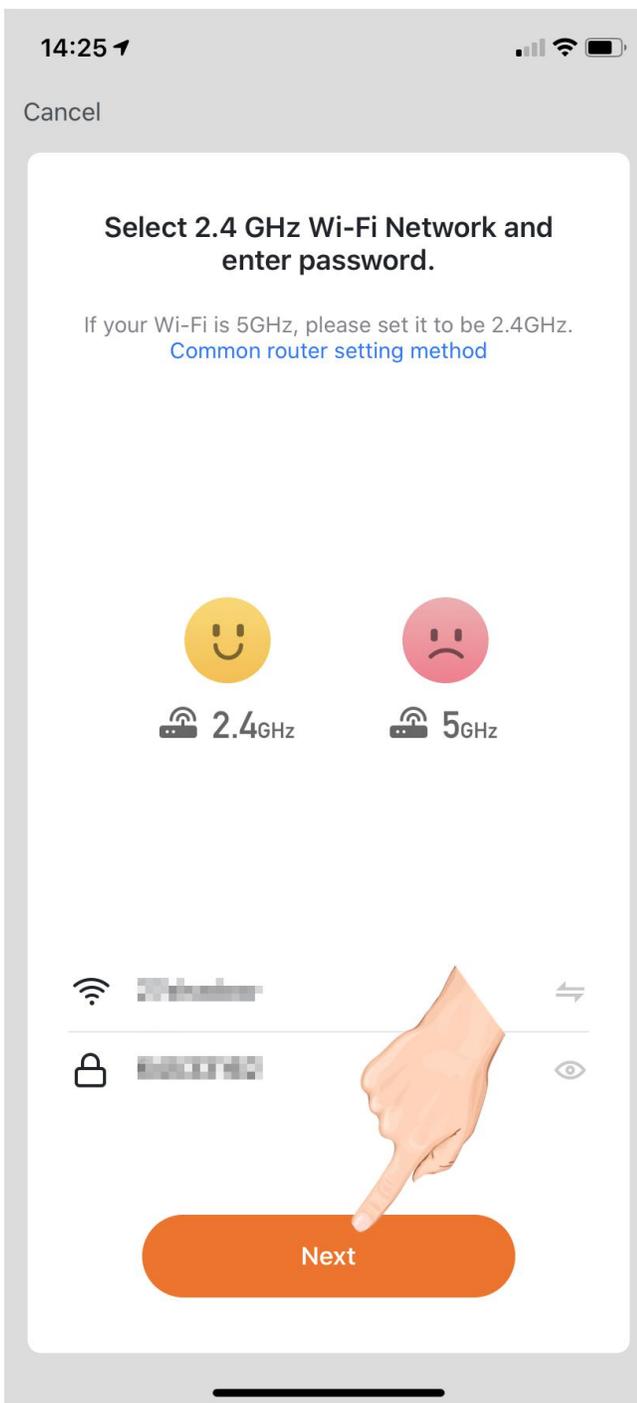

-choose "VideoSurveillance", click "Smart Camera" to add camera; and then click "Next step";

-If the mobile phone is not connected to wi-fi, please click "Connect to Wi-fi" ;

-It will jump to the WLAN interface and connects Wi-Fi. Please note that only 2.4 GHz Wi-Fi network is supported;

-If the phone is connected to Wi-Fi ; click "Confirm". It will jump to the interface to prompt to scan the QR code with camera and click "Continue" ; A QR code will prompt on your screen and you need to scan it with the Smart Camera, (the camera is about 20-30 cm away from the mobile phone lens). Then click "hear the prompt sound". "connecting" ;

At this time, the connected device will appear on the APP home page . Then you can click directly to the device interface to see the monitoring situation
