Install Free App

Download APP: scan the QR code below to download and install. Register and login: open the "MySmarth" APP to register and login according to the prompts.

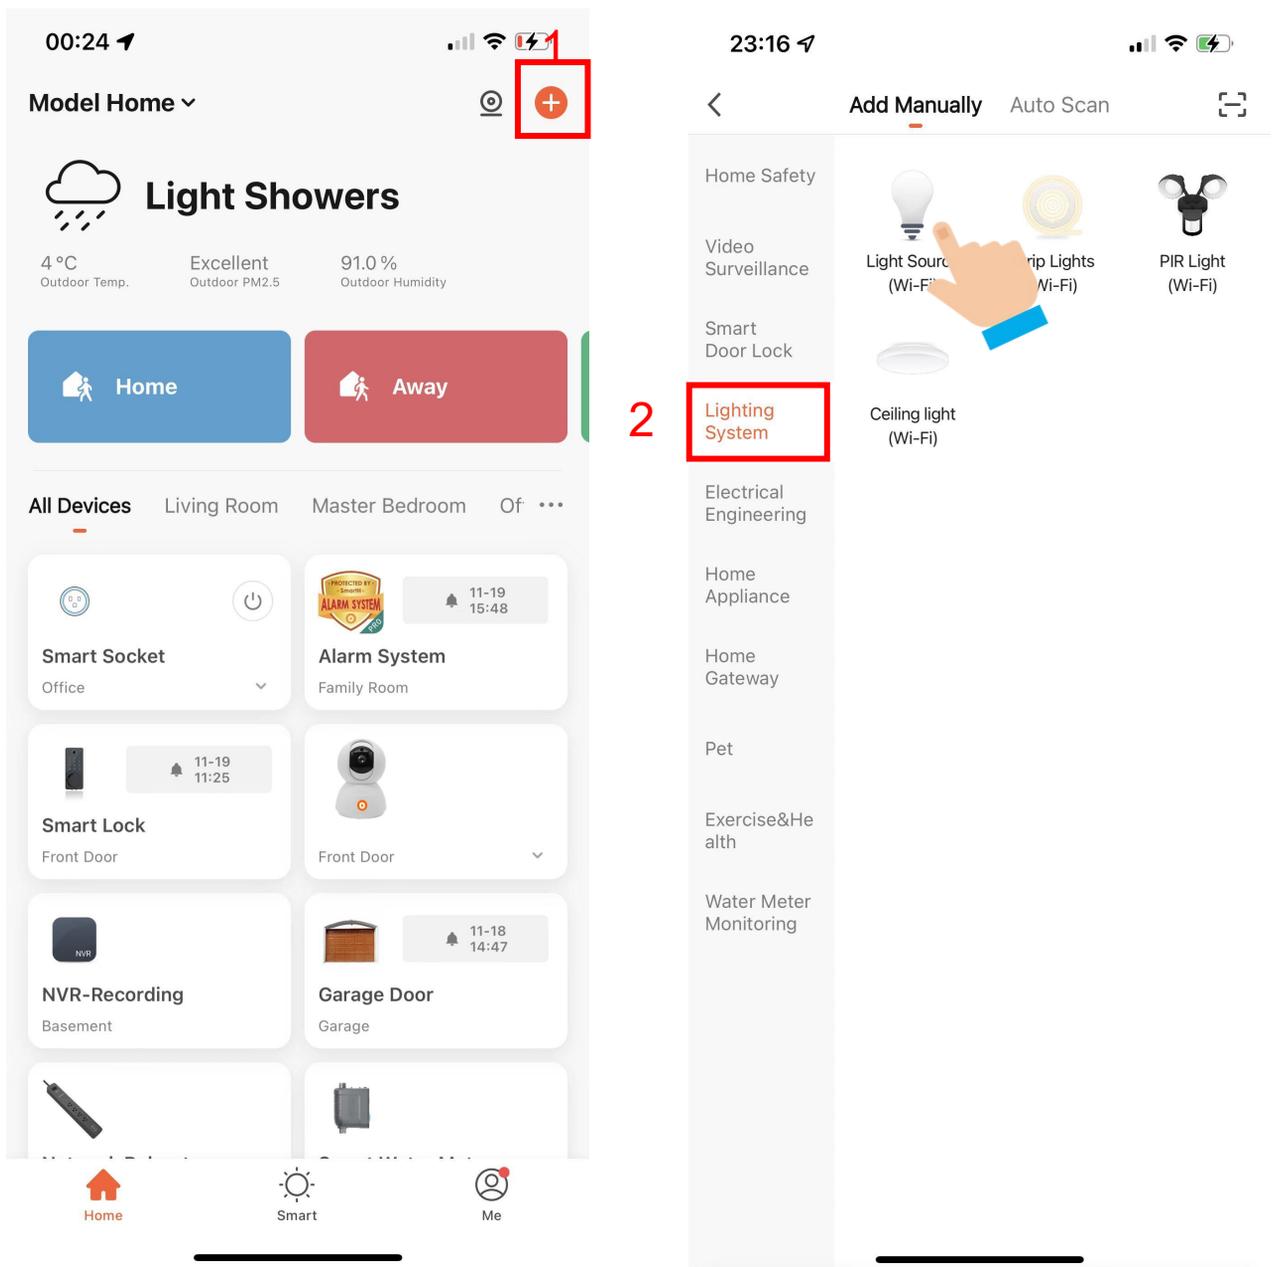

Customer Support

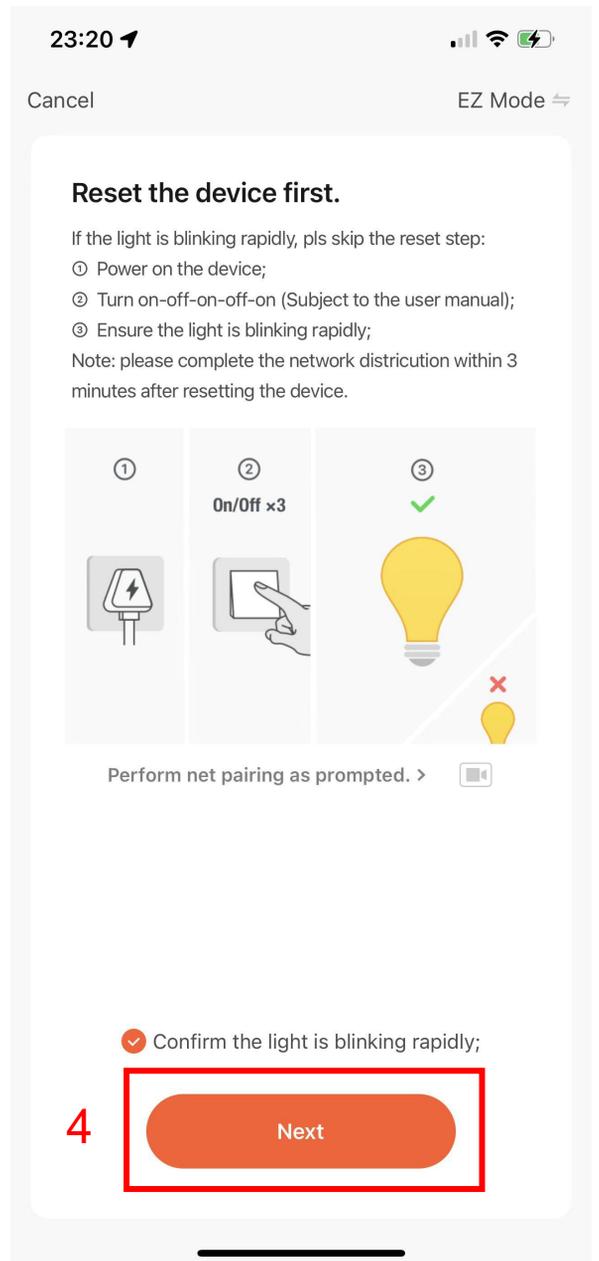

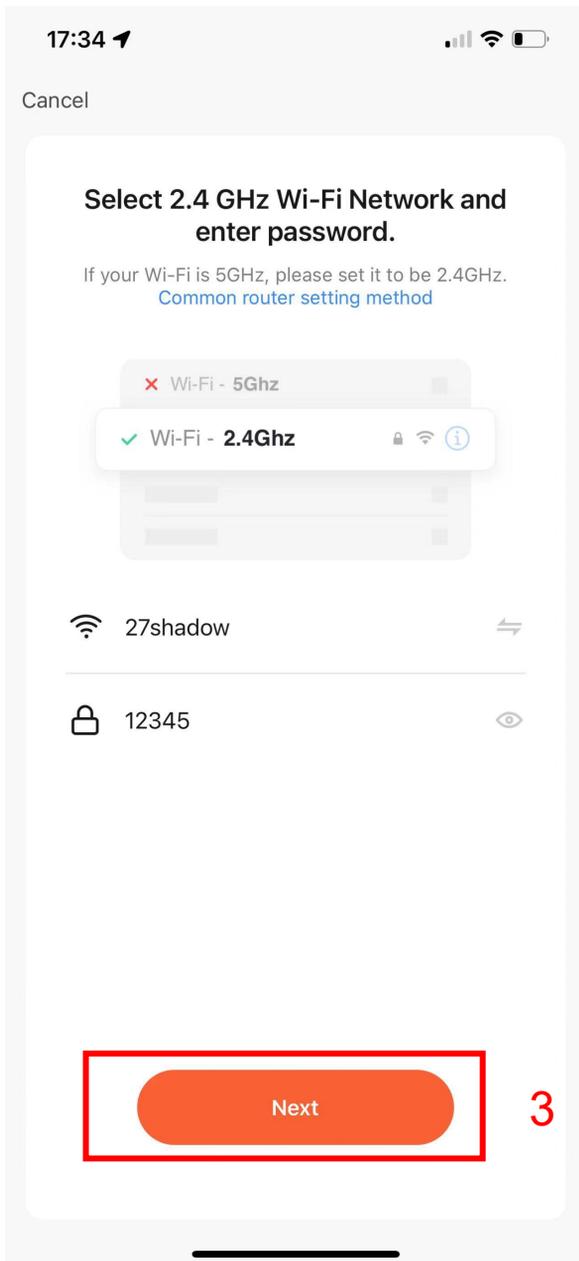

Two pairing modes are provided in the MySmartH app. The Wi-Fi Easy Connect (EZ) mode is the default mode, and the access point (AP) mode is the compatible mode. The user can tap the pairing mode drop-down list in the top-right corner of the page to switch between the pairing modes.

Manually add Wi-Fi devices in EZ mode

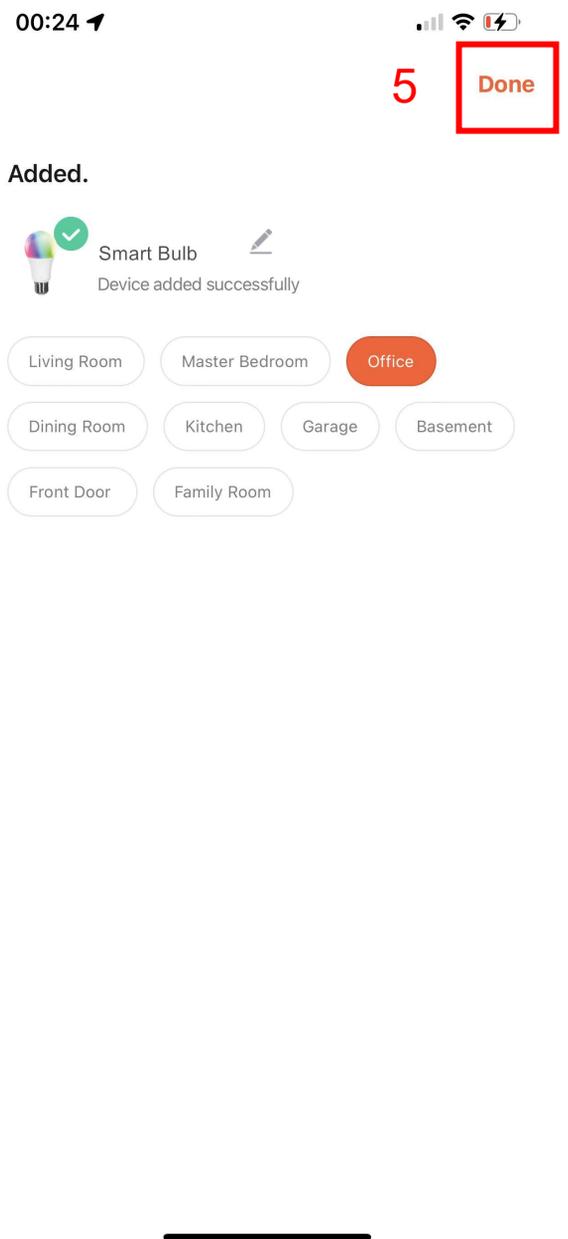

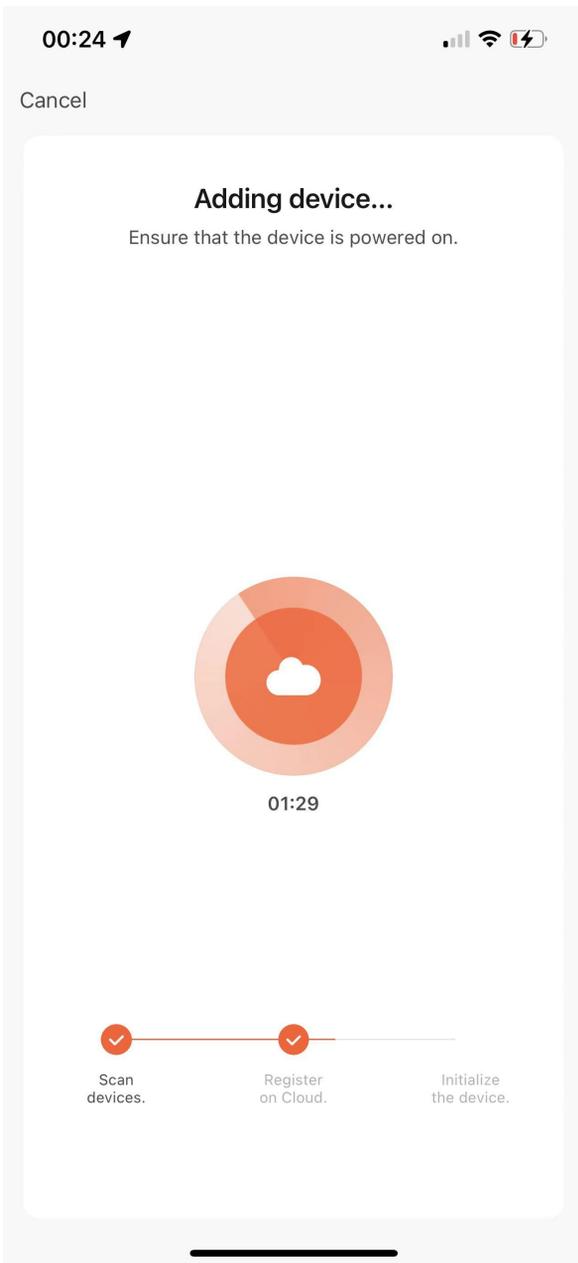

1. Open "MySmartH" APP, press the '+' in the upper right corner of the main screen;

2. Choose "Lighting System", click "Light Source".

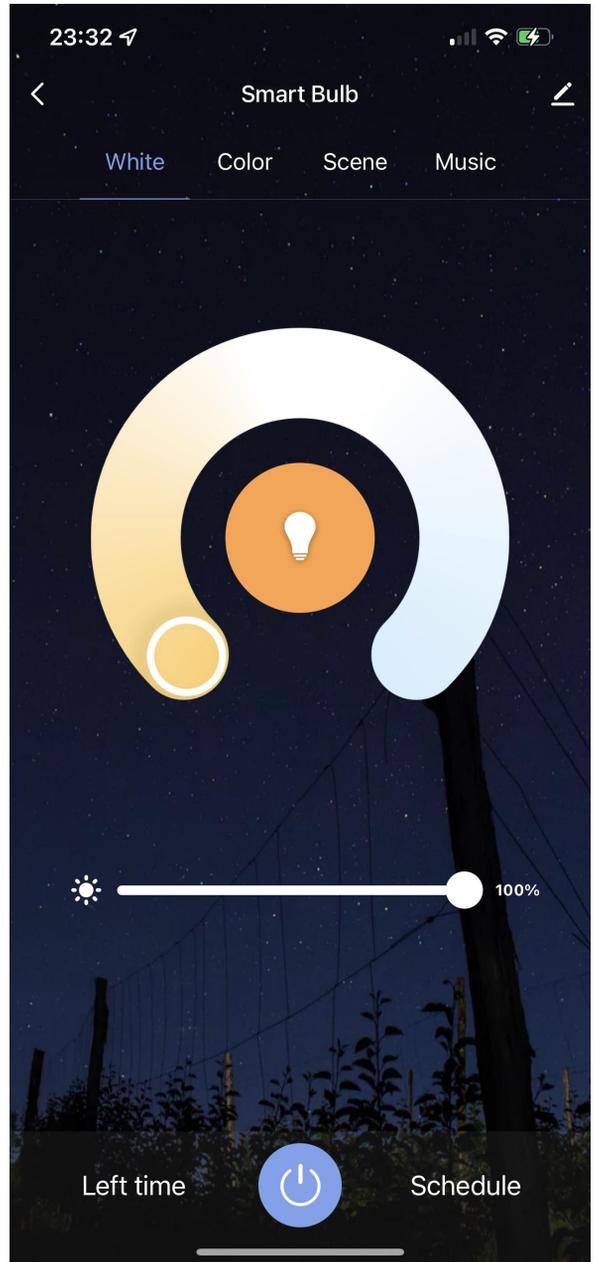

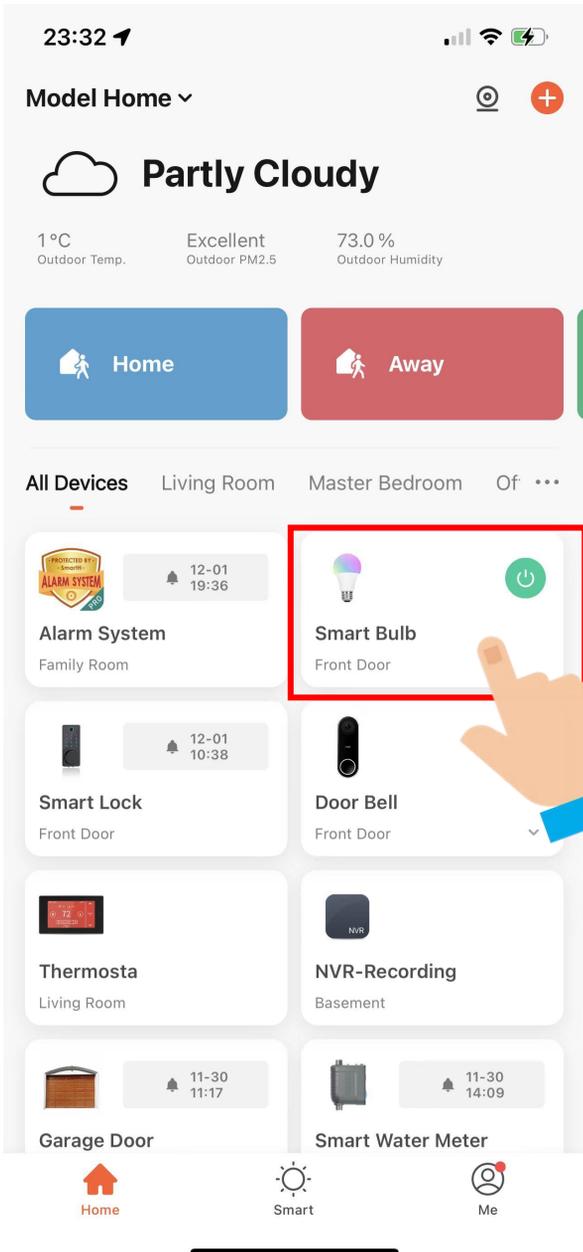

3. Choose WiFi and enter password and tap “Next”;

4. Confirm the light is blinking rapidly and tap “Next”;

5. Tap “Done”;

Now your Smart Bulb is successfully added to MySmarthH app.

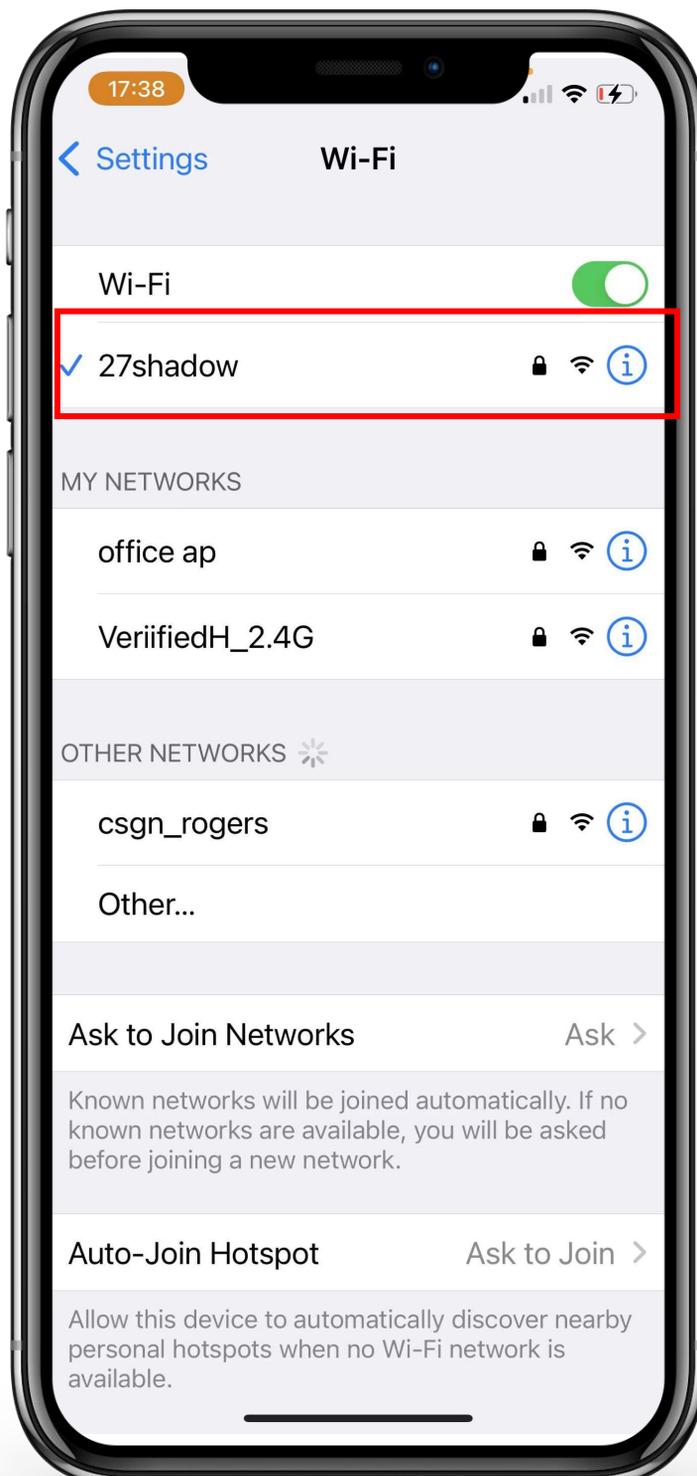

Manually add Wi-Fi devices in AP mode

If the connection fails, please try AP mode

If a dual-band network that supports both 2.4 GHz and 5 GHz bands is used, the AP mode can be used to add devices.

In AP mode, follow the instructions to enable the indicator to blink slowly, select Confirm the indicator is blinking slowly, and then tap Next.

Ready to work

Manually add Wi-Fi devices in AP mode

Step1:Power on the device.

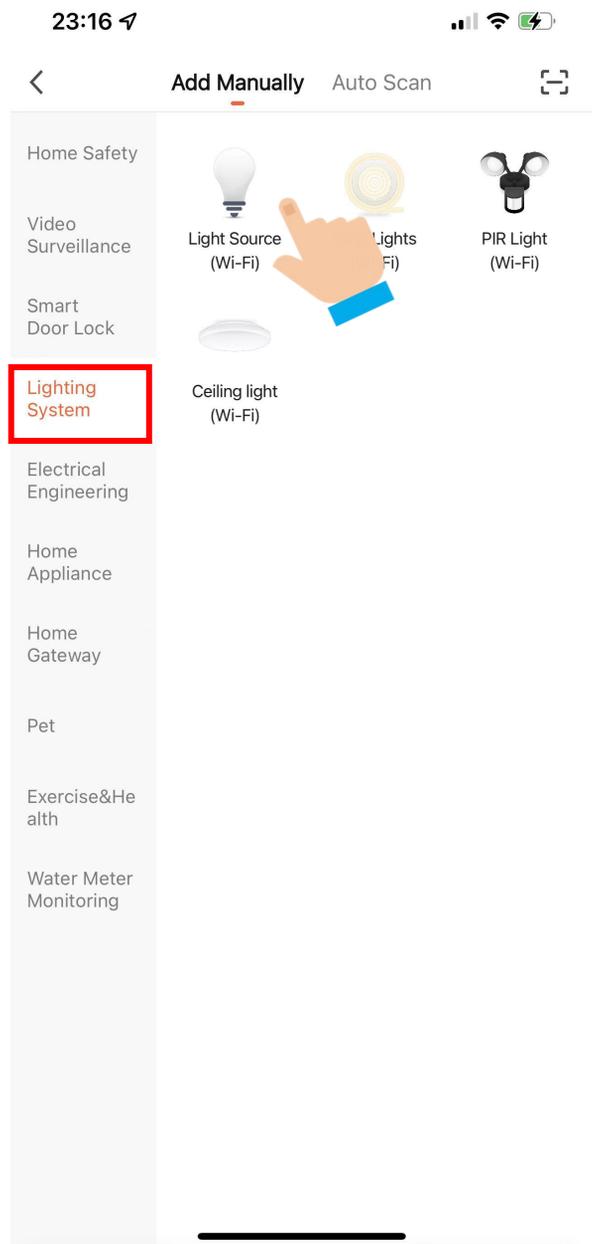

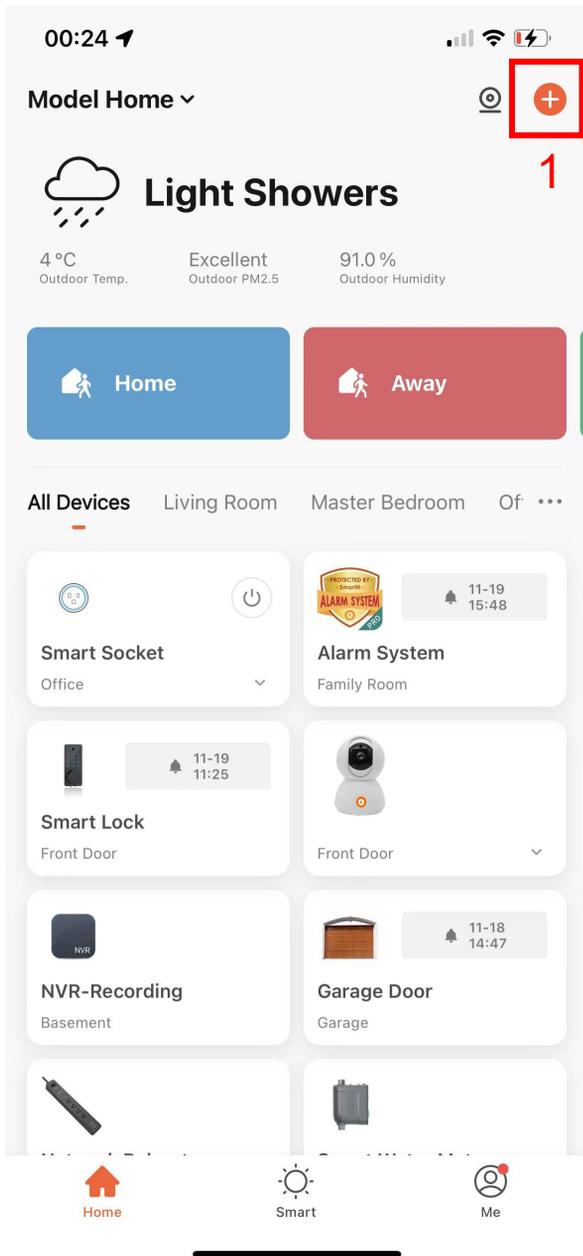

Step2: Switch the device on ,off,on,off and on.

Step3: Confirm that the indicator blinks quickly.

Step4: After the indicator blinks rapidly, repeat the operation(Switch the device on ,off,on,off and on)

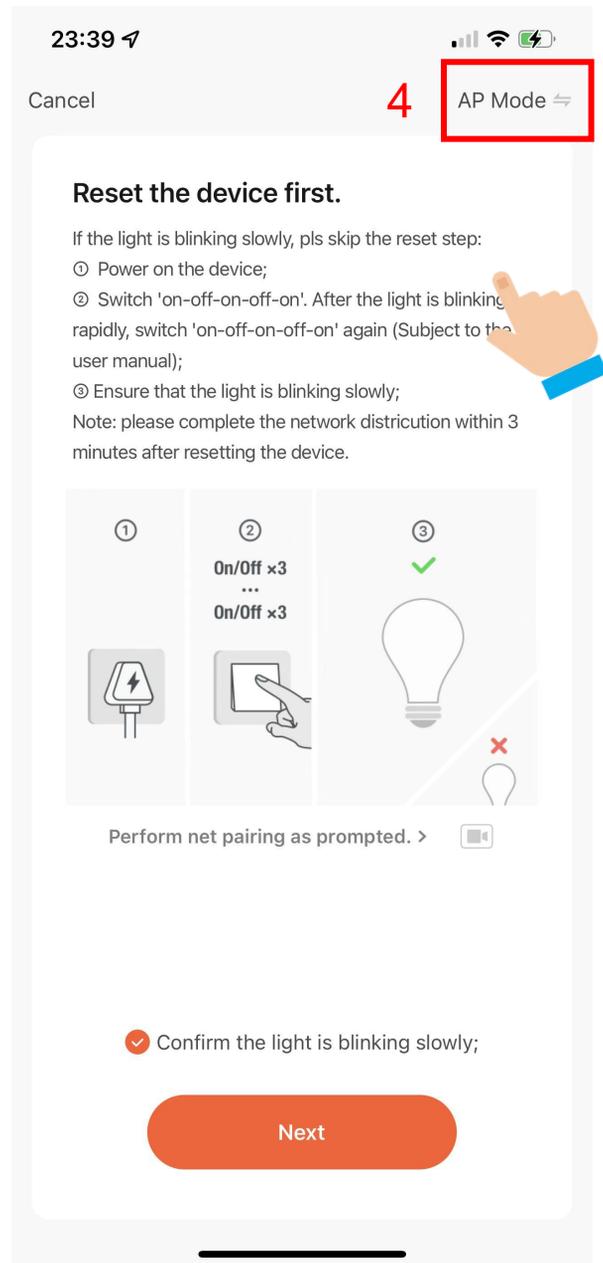

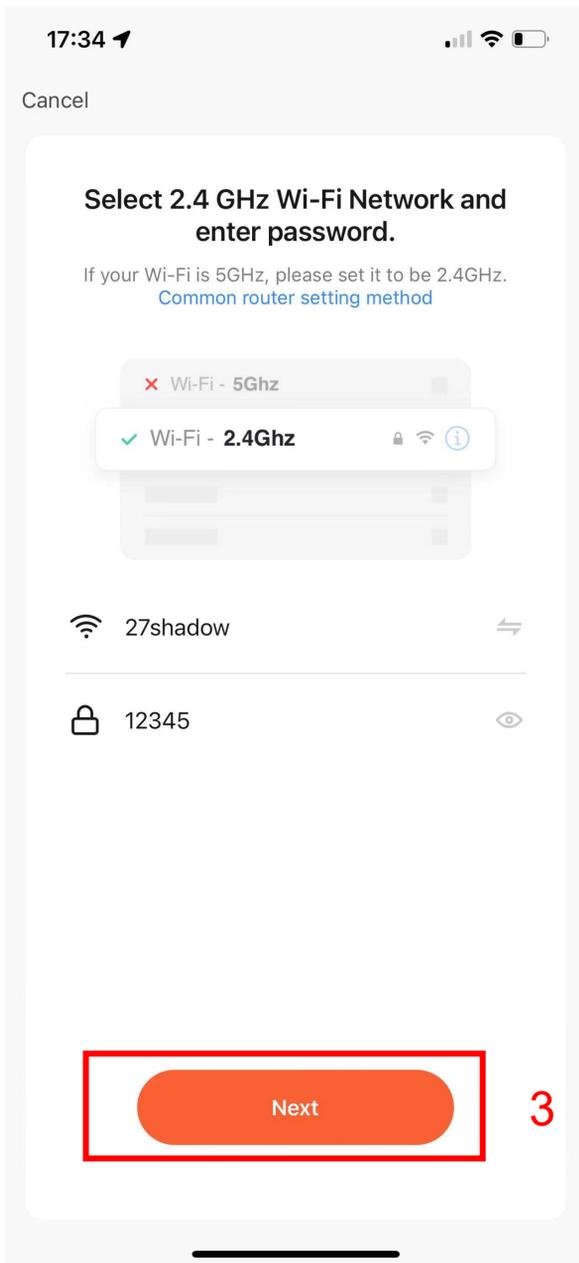

Step5: Confirm the light is blinking slowly;

Connect the Smart Bulb to MySmarth App

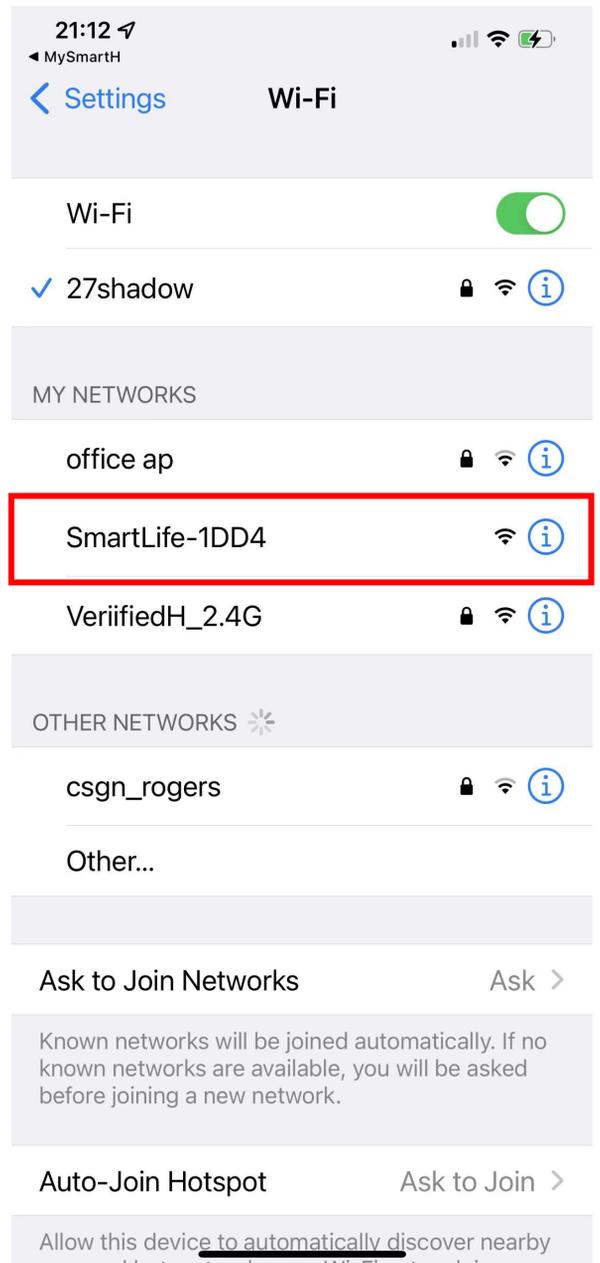

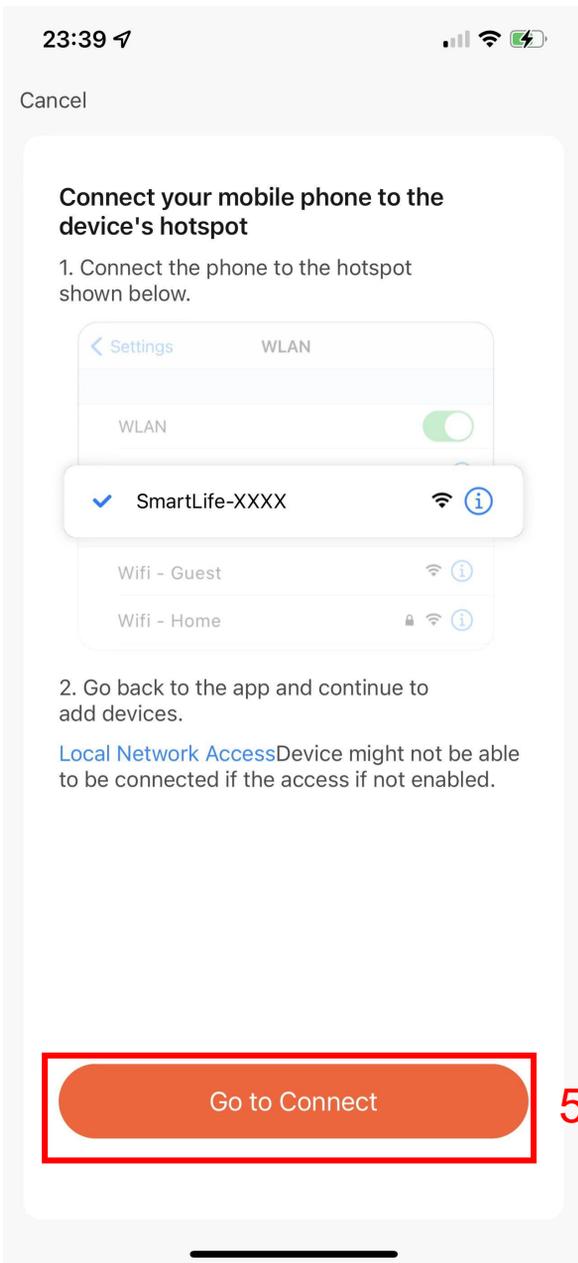

1. Open "MySmarth" APP, press the '+' in the upper right corner of the main screen;

2. Choose "Lighting System", click "Light Source".

3. Choose WiFi and enter password and Tap “Next”;

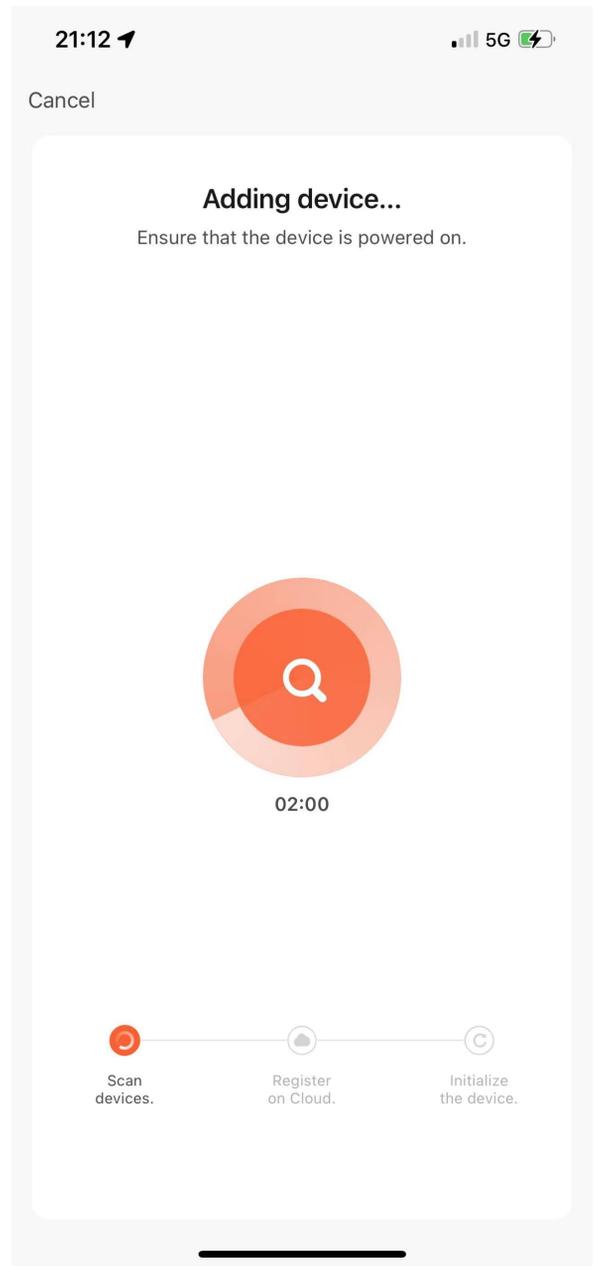

4. Tap"AP Mode"in upper right screen;

5. Tap "Go to Connect";

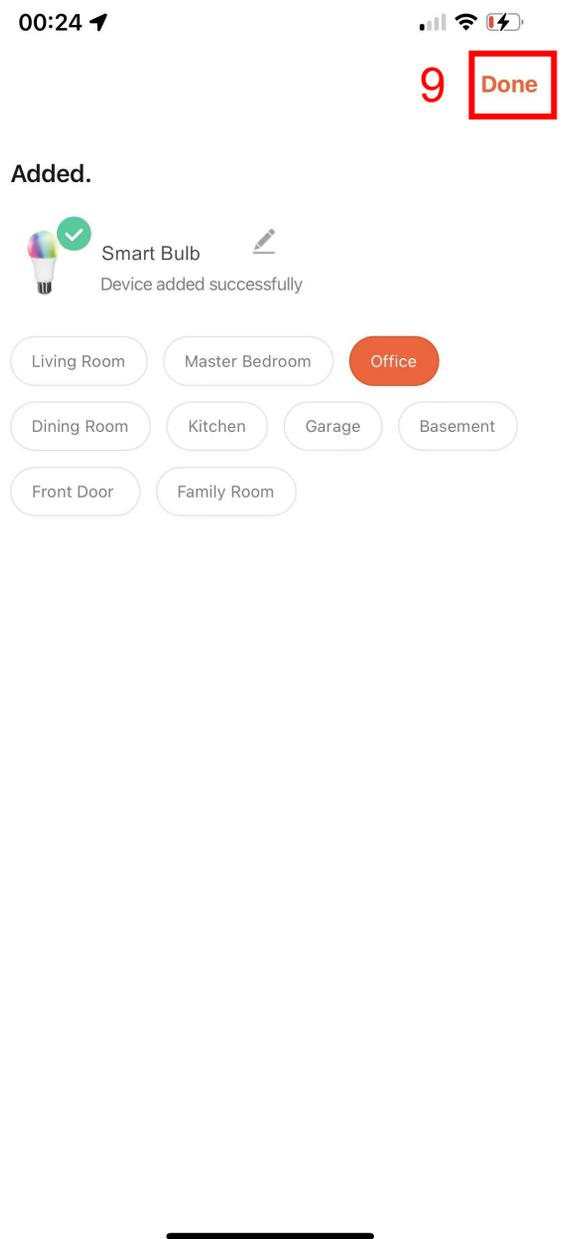

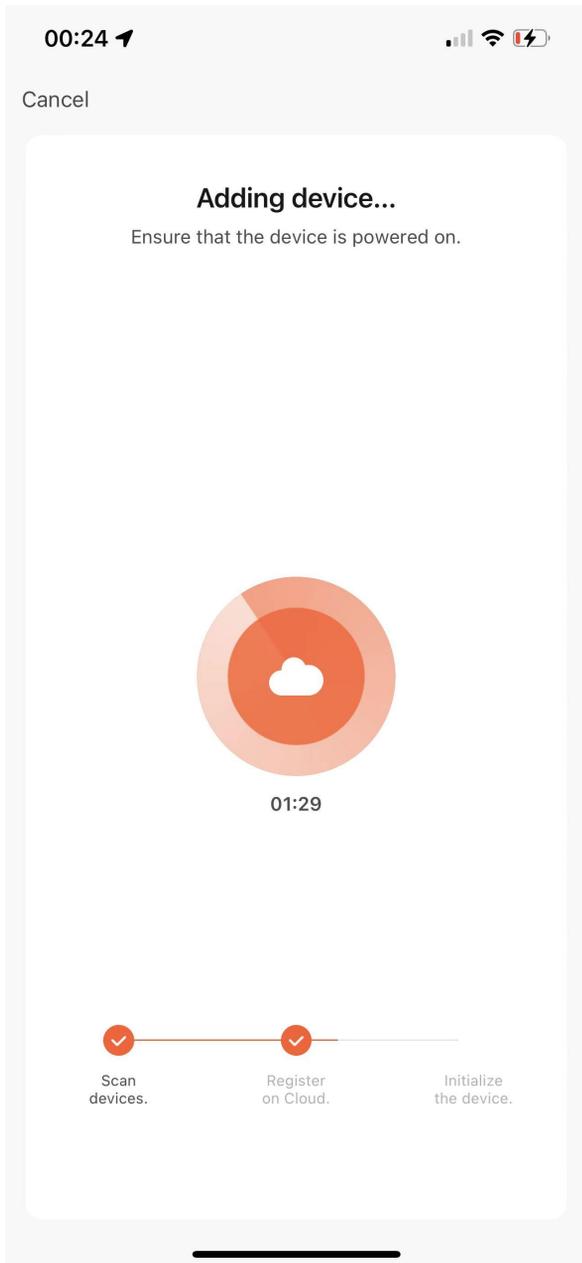

6. Click "SmartLife-1DD4";

In AP mode, on the Wi-Fi setting page of the mobile phone, find the Wi-Fi hotspot starting with SmartLife.

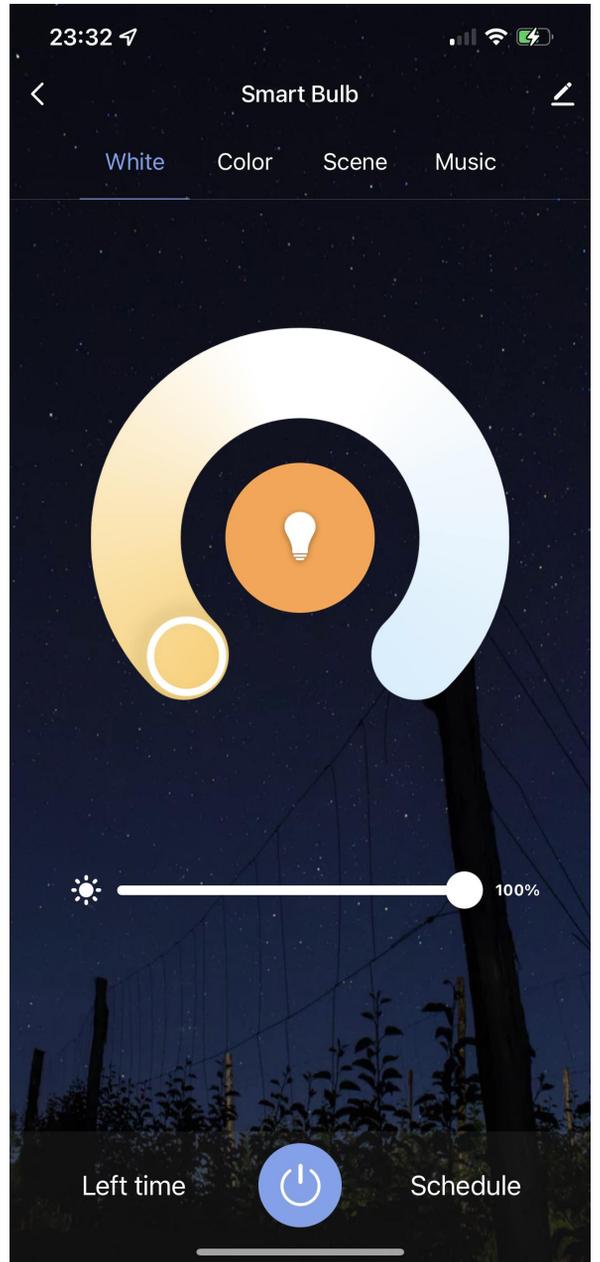

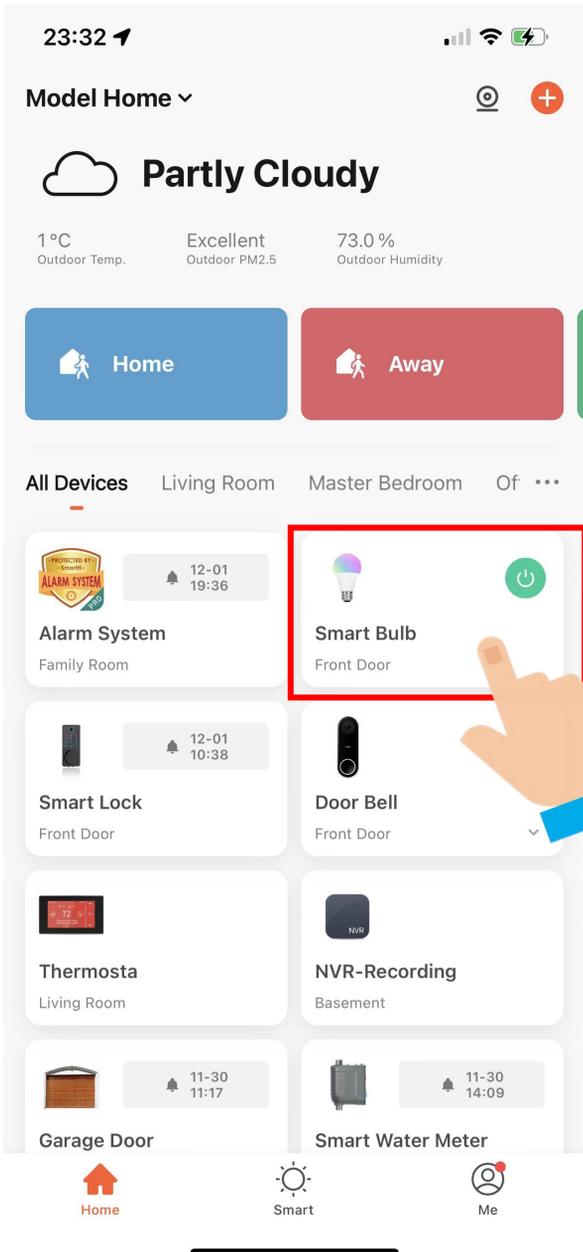

7. Tap the Wi-Fi hotspot to connect the mobile phone to it.

8. After a successful connection, go back to the app to start pairing.

The device pairing page on the app appears again and the pairing process continues.

9. Tap “Done”

Now your Smart Bulb is successfully added to MySmarth app.
