

BUILT FOR INDUSTRY. POWERED BY QUALITY.

Who are we..

من نحن..

Your Strategic Infrastructure Partner

At ARKA, we are more than a supplier—we are the UAE's premier specialized partner for industrial and infrastructure solutions. Headquartered in Dubai and aligned with the UAE's Industrial Vision, we provide the technical expertise and supply chain resilience required to power the region's most ambitious projects.

An Extension of Your Team

Unlike traditional vendors, ARKA integrates directly into your operations. **We act as an extended arm of your procurement and operations teams**, ensuring that every component we deliver meets the highest benchmarks of certainty, compliance, and value.

Our Partnership Framework

We don't just deliver products; we engineer success through a dedicated six-step approach:

1. Risk Mitigation: Deep analysis of your project's unique challenges.
2. Bespoke Solutions: Collaborative design of fit-for-purpose industrial solutions.
3. Global Standards: Precision execution adhering to ASTM, BS, and ISO certifications.
4. Operational Excellence: Punctual, reliable delivery—every time.
5. Technical Advisory: Expert guidance to optimize efficiency and reduce overhead.
6. Project Continuity: Comprehensive post-handover support for long-term success.

A Comprehensive, Quality-Assured Portfolio

We provide a single-source solution for mission-critical supplies across the UAE and GCC, serving developers, EPC contractors, and government entities.

- Steel & Structural: Reinforcement bars, MS sections, and galvanizing solutions.
- Energy & Utilities: Specialized chemicals, lubricants, and utility inputs.
- Industrial Hardware: High-grade tools and essential infrastructure components.

The ARKA Promise: Gain more than materials. Gain a long-term partner dedicated to reducing risk, optimizing your supply chain, and powering sustainable growth.

EXPERTISE

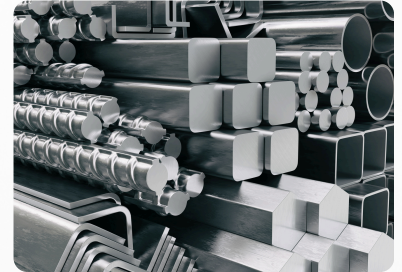

At ARKA, we go beyond traditional supplier mind set to deliver end-to-end industrial and engineering solutions that drive the UAE and GCC's construction, infrastructure, and industrial growth. Every product and service we deliver adheres to international standards (ASTM, BS, ISO) and is supported by deep technical expertise and robust supply chain management, ensuring quality assurance, compliance, and timely delivery.

From precision-engineered steel and turnkey galvanizing plants to advanced construction chemicals, industrial lubricants, and mission-critical utilities, ARKA empowers projects with durable, sustainable, and performance-driven solutions – built to strengthen the foundations of tomorrow's industries structured through four core pillars of excellence:

STEEL & REINFORCEMENT Supply of high-quality steel products including straight rebars (8–40 mm), precision cut-and-bend services, welded wire mesh, MS round bars, anchor bolts, GI gratings, scaffolding systems, galvanized and black steel pipes, and rectangular & square hollow sections – all meeting ASTM, BS, and ISO standards.

GALVANIZING SOLUTION EXPERTISE in hot-dip galvanizing consultancy, semi-automatic and fully automatic galvanizing plants, and turnkey advisory services for plant setup, process optimization, and compliance with international standards (ASTM A123, BS EN ISO 1461).

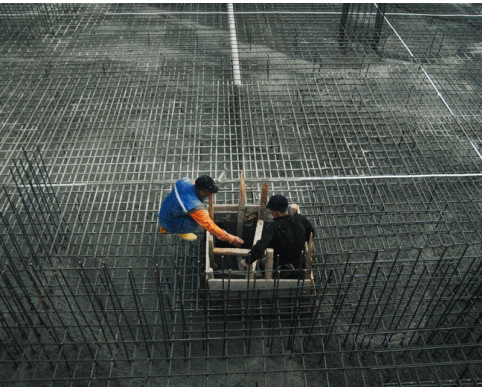

LUBRICANTS, SEALANTS & COMPOUNDS Comprehensive range of construction chemicals and industrial lubricants, including GGBFS, micro silica, admixtures, epoxy coatings, sealants, and EP3 multi-purpose grease – ensuring durability, performance, and long-term protection for construction and industrial applications.

TECHNOLOGY & UTILITIES Reliable technology systems and industrial equipment, including scanners, card readers, printers, and electronic peripherals, supplied in collaboration with leading global OEMs.

Our portfolio also includes power generators, utility equipment, and construction materials supporting infrastructure, manufacturing, and industrial projects across the GCC.

STEEL & REINFORCEMENT

- Straight rebars (8mm – 40mm)
- Precision cut & bend services
- Welded wire mesh (BRC mesh, A252, A393, custom sizes)
- MS round bars
- Anchor bolts & fasteners
- GI gratings (fabricated to ASTM A36 standards)
- Scaffolding systems & accessories
- Galvanized / black steel pipes
- Rectangular & square hollow sections

GALVANIZING SOLUTIONS

- Hot dip galvanizing consultancy (ASTM, BS compliance)
- Semi-automatic & fully automatic galvanizing plants (1–4 track systems)
- Turnkey advisory for plant setup & operations
- Furnace design & refractory solutions
- Zinc kettle supply & installation
- Acid fume scrubbers, baghouse & filtration units
- End-to-end galvanizing line accessories (cranes, trolleys, flux tanks)

MECHANICAL ITEMS

- Pillow blocks.
- All types of fasteners. Hex and Allen
- High tensile nuts/bolts/washers/spring washers etc.
- Balls and rollers bearings
- Steel Roller chains
- Steel conveyor chains
- Steel Sprockets.
- Gears (Worm and helical gears) and more
- Oil less bushes. (Self lubricating)
- Water and Air pipes fittings
- Steel pipes mechanical cutters
- Valves. (Hydraulic and pneumatics) (Manual band electric operated)
- Air filters and regulating units
- Spur gears

SPECIALIZED PRODUCTS

- Air Filter Bag Houses
- Effluent Treatment Plants (Zero Liquid Discharge)
- Water Chilling Plants/ Cooling Towers
- Fire and Acid Resistant Refractories
- Lubricants and Hardware Spares
 - Lubricants include Mobil Oil, Gear Oil, Industrial grease, Hydraulic Oil
 - Mechanical Hardware includes bearings, pillow blocks, oil less bush, clutch brake motors, helical gears.

LUBRICANTS, SEALANTS & COMPOUNDS

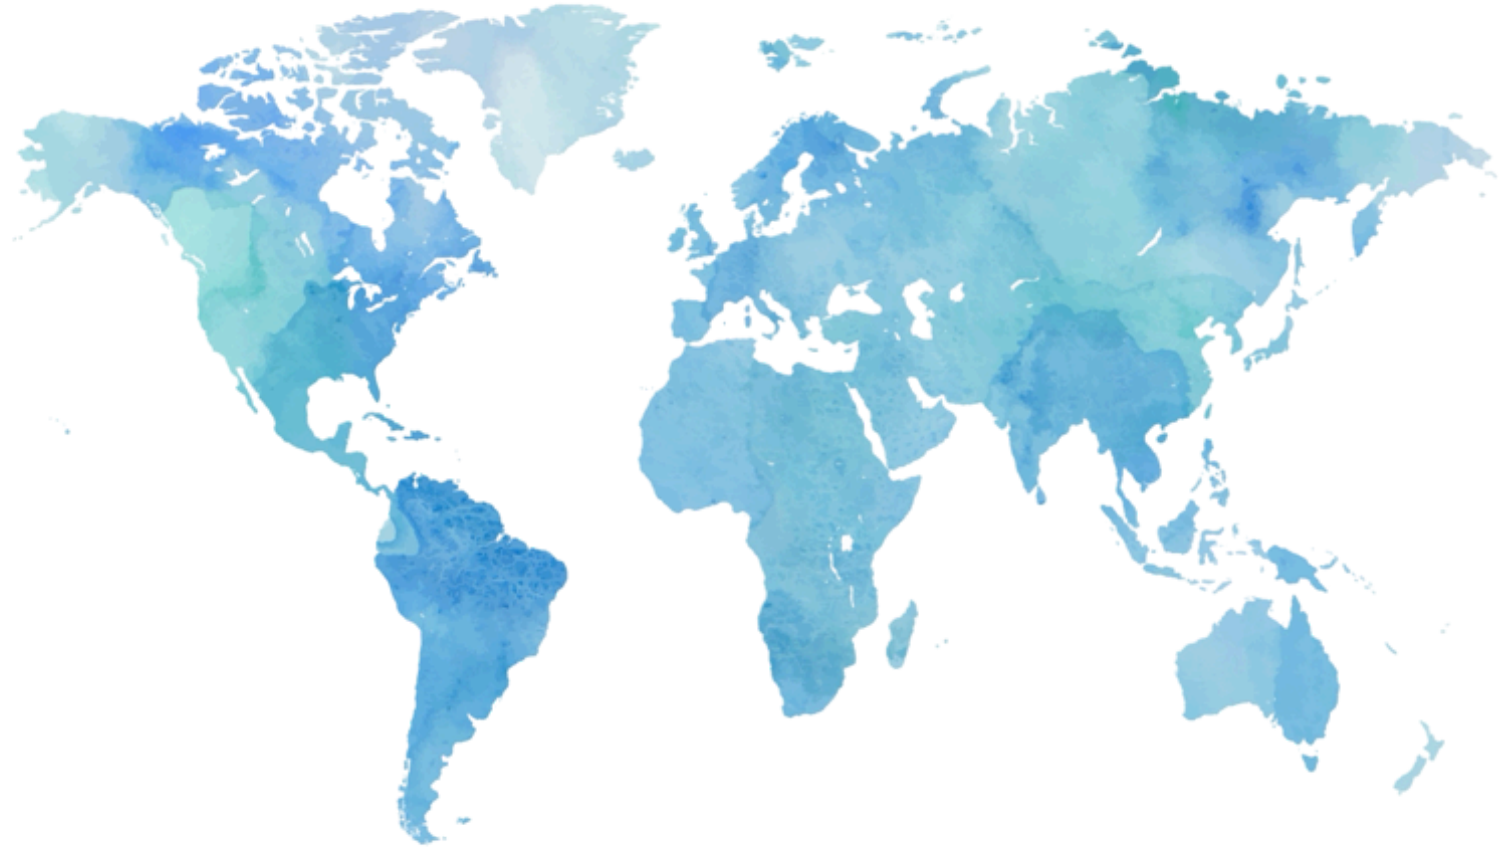

- Ground Granulated Blast Furnace Slag (GGBFS)
- Micro silica
- Construction admixtures (plasticizers, superplasticizers, retarders)
- Epoxy resins & bonding agents
- Sealants & waterproofing compounds
- Specialized construction chemicals (grouts, repair mortars, curing compounds)
- Industrial lubricants:
 - EP3 grease
 - Multi-purpose grease
 - Hydraulic & gear oils
 - Cutting oils & industrial lubricants

UTILITIES EQUIPMENT

- Air compressors.
- Water Boilers. (Steam Generators).
- Power generators.
- Super heaters for water boilers.
- Industrial Air Blowers.
- All types of Induction Motors. A.C/D.C motors.
- Electrical fuses.
- Electrical panels.
- Electrical Relays.

Grow

Unified Strategy. Infinite Reach. Everywhere You ~~GO~~.

- Delivery to over 66 countries across MEA. 150 across the globe.
- Our regional logistics alliances ensure rapid, compliant, and cost-optimized delivery.
- Eliminating the inefficiencies of multi-vendor coordination and extended lead times.
- Agility to execute global projects through one trusted partner.

BUILT FOR INDUSTRY. POWERED BY QUALITY.
