These energetically imprinted and encoded Digital Images are imprinted and encoded dowsed subtle energy "keys" that work in the background (or foreground), to attempt to manifest your greatest desires, healing, and intentions etc. - Note: they only work for the "highest good".

Quantum IMAGE-ONICS are downloadable Subtle Energy devices (Light Images) and tools that work completely silently in the background (or foreground). They can be loaded on to your Cell Phones, Laptops, Desktops, Tablets, PC or MAC, Water Containers, TV's, or used in Gaze Meditation Practices, or even Printed-out on paper etc etc.

All YOU have to do is download them after purchase and Open them!

A: After selection and purchase and downloading of the Images refer to section 4. above for varying ways to use these.

A: All individual Images / Mandalas assigned to each Product offering are encoded and imprinted with the same Program(s) via IMAGE-ONICS for that particular Product. They also work in the “background”, or behind other “windows”, or if your Electronic Device is sleeping but still powered - You do not have to look at the Image directly for it to be effective, but if you do, or meditate with them, then they will be very powerful. For Printouts the Image in “ON” all the time if it is in the same room/area as the recipient.
