CATERING... MUCH MORE THAN A SANDWICH!

Many people have found that catering from Josie's instantly shows their friends that there is a difference... and that when you get that next invite, it comes with a request to get your contribution from that same place you ordered from last time 😊, because it was SOOOOO GOOOOOD! And we get a lot of catering orders for our amazing sandwiches and salads...

But did you know that Josie's does more than sandwiches and salads? You can look at our online catering menu at www.josiesgoodeats.com, but we urge you to think about the following... We at Josie's think about our catering menu as more of a guideline and less of a fixed menu. We can do just about anything. If you are looking for an amazing meal and that doesn't include sandwiches, you should still think Josie's! One such customer told us our Chicken Franchise was the best they'd ever had! We had another person try our Italian Hot Dog special... and ordered an entire tray! We did it in small pieces so it could be scooped into a roll by party guests... and during the month of October, we did an entire Oktoberfest spread which included Schweinebraten, brats & kraut, giant Bavarian pretzels with beer cheese dipping sauce and so much more, all 100% homemade and delicious! If you have a birthday, graduation, shower, corporate event or any other occasion coming up, let us prepare a great spread for you and your guests. Give us a call at [\(732\) 380-5100](tel:732-380-5100).
