

**Did you
know**

**There's a connection
between how many
websites link to you
and your search
traffic. **

Pages with more referring domains rank for more keywords

The more high-quality backlinks you have, the more likely you are to show up on search engine results pages. 

Why are backlinks important?

- **Boosts visibility, more links mean more exposure**
- **Quality backlinks improve your credibility, establishing you as an authoritative source in your niche**
- **Drives traffic, you can receive direct visitors from other sites**
- **Strong backlinks enhance your website's visibility, leading to better rankings for relevant search terms**

How to build backlinks

- **Create high-quality, informative content that people want to share**
- **Contribute to blogs on relevant websites in your niche**
- **Get listed in online directories**
- **Build relationships with other industry influencers**

Imagine

Better.
