

**Did you
know**

**On average,
Google
processes
99,000 search
queries every
single second**

Total Number of Google Searches Globally (Trillions)

Source: Internet Live Stats

**That adds up
to a whopping
8.5 billion
searches per
day!**

About **15%** of
those
searches are
unique!

That's **over a billion** brand new, never before Googled questions **every day**

Imagine

Better.
