- **Future awarding of the State Championship, Great Lakes Championship, and Michigan FITASC Championship on a two year basis voted on and approved by unanimous vote**
- **Agenda item for next month: discussion about allocation of total annual revenue of shoot fees in the future. Focus on making MSCA sponsored shoots financially attractive to clubs first then spending any leftover money on awards and prize money for MSCA sponsored shoots seconds.**
- **College team shooters will be classed no lower than AA at any MSCA Sponsored Shoot going forward unless they have shot enough targets to have undergone a review by the NSCA (proving they are classified correctly). Having shooters misclassified hurts participation, especially where trophies and money are involved. This fact will be advertised on shoot flyers.**
  - **Will consider adding a rule pertaining to college shooters to MSCA Bylaws**
