## INTRODUCING: RIPPLE DRINK PRINTING

Introducing custom cocktail printing — a fully **personalized** experience designed to elevate your event.

Using innovative technology, we print logos, images, and branded moments directly onto cocktails and macarons, transforming each piece into a **seamless extension** of your brand.

Thoughtful, unexpected, and designed to leave a lasting impression.

## CRAFT, CULTURE & MEZCAL

I traveled to Oaxaca with Banhez Mezcal to experience the artistry behind every bottle—from agave roasting in underground pits to the distillation process. Capturing it firsthand gave me a deeper appreciation for the craftsmanship, heritage, and patience rooted in every pour, and the culture and community that bring it all together.

## CUSTOM MACAROONS: SMALL DETAIL, BIG IMPACT

Crafted with precision and finished with your logo, monogram, or custom artwork, each macaron becomes a seamless extension of your brand—blending design, detail, and flavor into one cohesive moment. Elegant, unexpected, and made to be remembered.
