

Dear Doctors and Practice Management

Collected Minds is an online psychology practice. Our team all operate by telehealth (video or phone) to bring high-quality psychological support to rural areas throughout Australia.

For those who prefer in-person support, we offer a limited number of face-to-face appointments with our Mental Health Social Worker, Dan King, in Mansfield, Victoria.

Waitlist

We currently have excellent availability for both child and adolescent (10+) AND adult referrals.

We can accept new referrals for individuals, couples or families.

Referral process

- **Please advise patients they need to contact us.** We will not contact them when we receive a referral. They can call our Practice Admin on (03) 5753 6621 or admin@collectedminds.com.au
- Referrals and MHTPs can be **made out to Collected Minds** and we can assign the most suitable clinician based on requirements and availability. Our Director, Olivia Clayton, is happy to discuss patient suitability.
- In addition to our psychologists, we also have two Mental Health Social Workers on the team, who can provide Focussed Psychological Strategies under the Better Access Scheme.
- If you would like your patient to see a particular clinician, please note this clearly in your referral. Otherwise, please address referral letters to 'Collected Minds'.
- With a valid Better Access referral, patients can receive up to 10 Medicare-rebated psychology sessions per calendar year, with re-referral required after each course of treatment (ie. the number written on the referral).
- GPs can use 2717 or 2715 once every 12 months and refer for a maximum of 6 initial sessions. Following the 1st November 2025 Medicare changes, GPs are required to use time-tiered professional (general) attendance items to re-refer for the remaining number of sessions left in the calendar year. See [Infographic with Referral Requirements](#) published March 2026 by the Department of Health, Disability and Ageing.
- Our preferred way to receive referrals is via Medical Objects or Fax (03) 8669 4135.
