## Thanks so much for joining us this evening!

The students and faculty of the GOHS Orchestras greatly appreciate your support.

Thank you for encouraging your students to pursue music education at Grand Oaks High School!

## Audience Etiquette

**As a courtesy to the students performing, please observe the following:**

*\* We appreciate your enthusiastic applause! Please save yelling, whistling, and cheering for our sports events. \**

*\* Please do not leave your seat during an orchestra's performance. Tonight's concert will be performed without intermission or interruption, and excessive movement throughout the auditorium can disrupt the performers. If you need to get up during the concert, please refer to the program list and move during applause breaks. \**

*\* If you have a noisy or restless child, please DO remove them from the auditorium as quickly as possible. All GOHS Orchestra concerts are recorded for archival purposes. \**

*\* Turn off all cell phones and other electronic devices. In the modern day, it can be hard to disconnect, but give it a try: the music and your students are worth it. \**

*\* Do not talk while students are performing. Due to acoustics, conversations do drift to the stage. \**

**These students have been actively working on this music since August. This is the result of their hard work and practice.**

## A Word on Private Lessons

*Advanced high school music can be difficult. In a typical classroom, rehearsal time does not permit each student to receive a large amount of individual instruction. Techniques such as vibrato, advanced bowing, shifting, and intonation can only be mastered with one-on-one instruction. Sectional rehearsals help with this, but nothing is as effective as a private lesson program.*

*In order to prepare the music (in addition to instruction on solo and ensemble work and region audition material), it is recommended that orchestra students retain a private teacher throughout the year. Unfortunately, the orchestra director cannot arrange private study with students. That is why it is essential, foremost for the benefit of the student, and for the orchestra, that students seek private study. Fortunately, we live in an area where several good private teachers are available.*

*If your student is seeking private lessons, please refer to the private lessons teacher list located on our website, [GOHSOrchestra.com](http://GOHSOrchestra.com). Listed there are multiple teachers that have helped students grow as musicians, as well as gain confidence in their own abilities. Some may be able to teach on campus, but this is not guaranteed.*

*Thank you for supporting your orchestra students!*
