# CHRIST ALONE

FELLOWSHIP

Hebrews 10:24-25 And let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near.

## Biblical Community

We are thankful for what God has done in such a short amount of time! God continues to add to the church families, young adults, and believers with experience that have contributed to the overall well-being of Christ Alone Fellowship. We have had people stir one another up and embrace the importance of continual fellowship. They value meeting together and being a light to our community!

The picture above was taken during one of our Marriage Night Events.

God has blessed us with a fantastic group of people willing to serve our church and community with the gospel! Church planting has many challenges. One of them that is usual for church plants is the work and the lack of needed help. If married, the church planter and his wife (if married) will do as much as possible to meet the plant's needs. This can add to the weariness and exhaustion that takes place. But thankfully, God gave us a core group that stepped in when needed, and recently, God has added to us more people who are not just willing to serve but are gifted and ready to help when needed. So with the challenges before us, we have the help we need to do this as a community. God has been gracious to give us people who are ready to face the challenges before us.

## What are the challenges?

One of them is our goals. We need three things to graduate from the Bible Fellowship Church as a chartered fellowship. First, we need twenty committed participants (members), which we have. Secondly, to be financially able to support a pastor full-time, and lastly, to have three qualified elders. We are very close to our goals as God has provided for us every year in meeting our goals financially, and now we have three men training to be elders. So, Lord willing, we will graduate soon, but we need your prayers and support!

Lynette and I are greatly encouraged this season! Please pray as we continue to labor and see the challenges before us. It's been a tough season but also a season of much fruit.

Pray that God would give us the strength to endure trials and the wisdom and discernment to navigate through the wilderness with contentment and thankfulness to God!

*Autonomous Christianity never works, because our spiritual life was designed by God to be a community project.*
