Raising Awareness and Funds for Partner Dogs Canada Inc.

Thank you for your interest in sponsoring Partner Dogs Canada Inc's fundraising event, Raise The Woof! Partner Dogs Canada Inc. is a not for profit organization with a mandate to help people with emotional, physical or other accessibility issues experience the benefit of having or working with a service dog.

The demand for service and advanced therapy dogs is growing everyday in Canada and we are working to fulfil that need in a different and unique way. Our organization provides service and advanced therapy dogs to meet individual's temporary needs, in addition to providing traditional service dogs. Partner Dogs Canada offers solutions for the people who may otherwise not be able to obtain the services of trained and experienced service dogs but would benefit from the comfort of one of our dogs. It may be only a few hours, or it may be for years...but it can make a lifetime of difference to the people these dogs work with.

Partner Dogs Canada Inc., has a mission to assist people by:

- Providing permanent qualified service dogs for people with physical and mental disabilities.
- Maintaining a population of highly trained multi-client service dogs that can work with a variety of people in many environments such as in courtrooms, with victims of crime, rehabilitation of debilitating illness or physical injuries, mental illness, etc.
- Providing age appropriate children's education programs to schools or other children's groups with our advanced therapy and/or multi-client service dogs.
- Providing support and companionship with our advanced therapy dogs to individuals in nursing homes, hospices, shelters, etc.

Your financial support is needed to sponsor this event in order to raise funds for Partner Dogs Canada Inc. In turn this will enable us to provide valuable services to the individuals who require them so they, too, can have dogs help them reach for the stars!
