SOLAR FARM SUMMIT

NORTH AMERICA'S AGRIVOLTAICS EXPO

July 8, 9 & 10

LOEWS CHICAGO O'HARE HOTEL

A Solar Farm Summit LLC Production | All Rights Reserved

– 2024 –

SOLAR FARM SUMMIT

CHICAGO, IL JULY 8-10

LOEWS CHICAGO O'HARE HOTEL

SOLAR ENERGY + ECONOMIC DEVELOPMENT + ENVIRONMENTAL STEWARDSHIP

Dig into all things agrivoltaics at the 2nd annual Solar Farm Summit landing once again next to O'Hare International Airport in the heart of North America's heartland for 3 difference-making days of instructive, illuminating and inspiring dual-use development programming July 8-10, 2024! Discover the enormous potential of a new kind of double harvesting that is pairing solar power and agriculture into powerful symbiotic systems of combined production, network with hundreds of attendees and experts, and engage the largest agrivoltaics exhibition in North America via a supersized 2024 Solar Farm Summit (SFS24) at the Loews Chicago O'Hare Hotel (5300 N River Rd, Rosemont, IL 60018).

SFS24 attendees can expect an immersive solar energy, land use and dual-use experience of the very highest educational caliber. SFS24's syllabus-style program builds from entry-level land-based solar development, energy markets, and basics of environment and development; to details of an agrivoltaic project's lifecycle from conception through construction, operation and decommissioning; to case studies, policy, government programs, grants and financing, community engagement, land recycling, and advanced topics in applied agrivoltaics; as well as focused workshops and Q&A forums.

Importantly, all the intellectual capital in SFS24's high-impact program, including every presentation, will be aggregated with other reference materials submitted by speakers & sponsors into the SFS24 Conference Archive, a digital compendium prepared post event and published free to all attendees.

Beyond the sessions, a supercharged SFS24 social experience will feature 12 scheduled networking opportunities, including hot breakfasts and lunches together each day, and beginning with an official welcome happy hour the evening of 7/8 when the Poster Gallery and Premium Exhibition opens!

Over 3 electric days, many hundreds will gather for this uncommonly collaborative cross-continental assembly representing an eclectic cross-section of disciplines: non-profit professionals, landowners, farmers & ranchers, agronomists, conservationists, real estate & environmental professionals, solar developers, attorneys, engineers, investors, utilities, policy makers, economic developers, as well as state & federal gov't staff. There will be no better opportunity in North America in 2024 to dive into this land use renaissance, steep oneself in working agrivoltaics knowledge, connect with world class solar pros, and plug into a live, in-person agrivoltaics network all in a single event space!

And happening alongside SFS24 is the first ever North American Agrivoltaics Awards, the highly anticipated public competition recognizing the continent's best projects and persons, and celebrating them during a dedicated awards ceremony and reception (ticketed separately).

Join the SFS community July 8-10 for 3 brilliant days of education, inspiration, and interpersonal connection at the stunning, sustainability-conscious Loews Chicago O'Hare Hotel, just a free shuttle away from O'Hare International Airport and mere blocks from the CTA Blue Line. Plug yourself into the absolutely revolutionary practice of pairing of solar power + agricultural production and meet the real people already doing it at North America's Agrivoltaics Expo, the 2024 Solar Farm Summit!

2024 SOLAR FARM SUMMIT PROGRAM

Led by an elite speaker lineup of more than 70 of today's foremost practitioners, a stellar SFS24 program will offer basic 101-level instruction as well as state-of-the-art sessions. The program's high-substance approach and co-session offerings will cover the spectrum of the project life cycle from beginning to end, and from basic, need-to-knows all the way up to pro tips and best practices.

Who, then, should attend SFS24? ANYONE with an interest in the policy and practice of ground-mounted solar energy development, and EVERYONE with a specific interest in agrivoltaics or a project of their own! We encourage one and all to attend this power-packed event for applied knowledge from the industry's most capable pros, keen insights from government experts, and an expansive agrivoltaics exhibition!

INFORMATION MODULES

BUILDING THE BASICS

Including sessions discussing:

- Intro to Agrivoltaics: How to Double the Harvest
- Ground-Mounted Solar Energy Development 101
- Pollinators 102: Solar Power for Bees & Butterflies
- Landscape of State & Federal Programs & Grants
- Landowner Primer: Solar & Land Stewardship
- ABCs of Brownfield-to-Brightfield Redevelopment

ADVANCED ISSUES IN AGRIVOLTAICS

Including sessions discussing:

- Solar Grazing 200: Siting Animals Under PV Panels
- Agrivoltaics 201: Crop Physiologies & Performance
- Solar Power's Conservation and Habitat Potential
- Conserving Water with Solar Construction
- Local Benefits and Community Engagement
- Solar Farming 300: Growing Under PV Panels
- Brightfields 301: Repowering Marginal Land

AGRIVOLTAICS CASE STUDIES

SOLAR POWER POLICY PANEL

INTERACTIVE MODULES

ELECTRIC EXPO

Up to 75 exhibitors will host a diverse & dynamic expo floor showcasing a wide array of products, technologies and services from around the world.

SUPERCHARGED NETWORKING

12 official networking activities offer immersive experience & supercharged connection potential.

FARMERS & RANCHERS TOWN HALLS

Interactive open forums featuring experts fielding audience questions in guided Q&A.

WORKSHOPS & TECHNICAL ASSISTANCE

Hands-on instruction in long-form sessions providing technical and practical guidance in focused areas, e.g. grant writing & permitting.

SITE COMBINE

Get land scored for solar potential by entering basic info into the SFS24 Sites Combine.

POSTER GALLERY

NORTH AMERICAN AGRIVOLTAIC AWARDS

CONFERENCE ARCHIVE* — OFFICIAL SFS24 REFERENCE BINDER

Follow up resource compendium bundled digitally and sent some weeks following the event's conclusion as reference material and resource guide.

INCLUDES:

ALL SFS24 PRESENTATIONS

All presenter materials incl. slides, links & worksheets.

RECOMMENDED RESOURCES

An index of solar development and agrivoltaics resources and research selected by hosts, speakers, sponsors and other solar professionals to help build solar knowledge and advance the state of the art.

INFORMATION SHEETS

A collection of articles, summary pages, studies, flyers & reference materials nominated by participating gov't entities, solar companies and professionals, including speakers, exhibitors & sponsors.

**Official SFS24 Conference Archive is FREE to every registered attendee before being made public!*

ABOUT THE LOEWS CHICAGO O'HARE HOTEL

The ascendance of North America's agrivoltaics renaissance takes flight at the Loews Chicago O'Hare Hotel when hundreds gather from around the world to grow this super-sustainable solar + agriculture development segment July 8, 9 & 10! Located less than 2 miles from O'Hare International Airport with complimentary shuttle service to and from the airport, nearby access to the CTA's Blue Line and METRA trains, as well as discounted self-parking on site (for Loews guests), the Loews will serve as a convenient anchor for the SFS24 experience. The official SFS24 hotel, Loews Chicago O'Hare Hotel is fortunate to be serviced by an excellent restaurant on Site (the Ashburn), as well as two terrific restaurants right out front, McCormick & Schmick's and The Capital Grille. The Loews Chicago O'Hare Hotel is also conveniently located within walking distance to a cluster of nearby restaurants, including Morton's and Gibson's, as well as Rosemont's Entertainment District that is packed with restaurants, nightlife, a bowling ally, a movie theatre, and even indoor skydiving. Served by an excellent kitchen staff. SFS24 attendees can expect the Loews' best service at one of its most convenient and walkable locations

BOOK DISCOUNTED LOEWS ROOMS

Use the following link to book a discounted room for SFS24 (book up to 3 days before or after SFS24 itself (subject to availability and must book prior to deadline 6/14):

ABOUT ROSEMONT

Rosemont is a lively village and tourist center located in Illinois' northwestern Cook County. Visitors enjoy its abundance of its conveniently located dining, recreation, retail and sporting attractions. Incorporated as a village in 1956, Rosemont forms part of the Golden Corridor, a region of flourishing economic development in Chicago's Metropolitan Area. Use its tourist-friendly amenities, making it a convenient base for exploring Chicago. One of the village's major highlights is Parkway Bank Park. Eat and drink at gastropubs, a dueling piano bar, a burger house and a Tex-Mex restaurant, among other dining options. Attend performances by well-known country musicians and laugh along with stand-up comedians. Try indoor skydiving and take in a concert all right there in Rosemont. Then use it's ultra-convenient access to the Chicago CTA Blue Line to explore all of Chicgaoland! Come early and enjoy a Chicago-style 4th of July with Loews discounts for bookings as many as 3 days prior to SFS24 itself!
