Fractional votes are not permitted, except in cases where a lot has been legally resubdivided, then half votes are permitted. Half votes will be noted by the Secretary on the list of eligible voters. A ballot clearly marked one-half will be issued. In counting votes, ballots marked one-half will be counted as one-half of a vote.

7. All motions to amend the Association's By-laws shall be filed with the Secretary of the Board of Directors at least thirty (30) days prior to the Association's meeting where such matters can be considered. Re: Policy on recreational vehicle and boat trailer parking limitations

Paragraph 3.1 of the Covenants and Restrictions states in part:

"No trailer, mobile home, motor home, modular home, geodesic dome, tent, shack, lean-to or other outbuilding may be placed, moved, erected or permitted to remain on any Lot, temporarily or permanently, by either an owner of any Lot or any guest of any such owner."

Paragraph 3.18 of the Covenants and Restrictions states in part:

"No boats, trailers, campers, recreational vehicles, or vehicles in a non-operating condition shall be permitted to remain on any Lot or on the street adjacent to any Lot for more than thirty (30) days except that, however, such vehicle or vehicles may remain longer if they are housed in enclosed storage."

In order to clarify the above, the ACC has adopted the following policy:

"No boats, trailers, campers, recreational vehicles, or vehicles in a non-operating condition shall be permitted to remain on any Lot or on the street adjacent to any Lot for more than thirty (30) days per annum, except that, however, such vehicle or vehicles may remain longer if they are housed in enclosed storage. Enclosed storage includes only garages or fences which prevent any portion of such vehicles from being viewed from the street, canals, or adjacent Lots. Violators of this policy will be notified by certified letter, return receipt requested, and upon receipt of the notice given ten (10) days to comply with the policy."

**RESOLUTION NO. 6/99  
PELICAN COVE CANAL OWNER'S ASSOCIATION**

**ENFORCEMENT OF ARTICLE 3.15 AND 8.1 OF THE COVENANTS AND RESTRICTIONS RELATING  
TO WILLFUL OR NEGLIGENT ACTS WHICH IMPAIR OR DAMAGE THE CHANNELS, CANALS, AND  
BULKHEADS IN PELICAN COVE SUBDIVISION.**

**WHEREAS**, Article 3.15 of the First Amended and Restated Declaration of Covenants and Restrictions applicable to Pelican Cove Subdivision provides in part that: "The owner of each Lot shall be responsible for maintaining that portion of any channel contiguous to his Lot ... free of all debris ... or any hazard to navigation, provided however, that improvement, maintenance, repair and other care for the canals and channels with the subdivision shall be the responsibility of the ... Association.... The maintenance and repair of the bulkheads contiguous to a Lot shall be the responsibility of the owner of such Lot;" and

**WHEREAS**, Article 8.1 of the Covenants and Restrictions provides that: "The Association shall improve, maintain, repair and otherwise care for the canals and channels within the subdivision, and any other property dedicated to the public within the subdivision which is not being maintained by a public entity;" and

**WHEREAS**, Article 8.2 of the Covenants and Restrictions provides that: "In the event that the need for maintenance or repair is caused through the willful or negligent act of any owner, his family, guests or invitees, the Association, shall add the cost of such maintenance, as a special assessment, to the normal assessment of such owner;" and

**WHEREAS**, Article 7.1 of the Covenants and Restrictions provides in part that: "... each owner of any Lot in the subdivision covenants and agrees and is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs and reasonable attorney's fees, shall, to the full extent permitted by law, be a charge on the Lot subject to this Declaration and shall be a continuing lien upon the Lot against which each such assessment is made;" and

**WHEREAS**, the Board of Directors of Pelican Cove Canal Owner's Association desires to provide for a procedure to protect the canals and channels of the subdivision from excess erosion of Lots into subdivision streets and from washout of land behind bulkheads caused by the willful or negligent acts or failure to act of any owner, his family, guests or invitees, and to provide for reasonable enforcement after due notice.

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE PELICAN  
COVE CANAL OWNER'S ASSOCIATION:**

1. The Board of Directors finds that excess washout of land behind bulkheads causes siltation into canals and channels and undermines the structural integrity of bulkheads. The Board of Directors further finds that excess erosion from Lots into most streets within Pelican Cove Subdivision travels into subdivision canals and channels. The Board of Directors further finds that permitting such a condition constitutes negligence by a Lot owner and that failure to remedy such a situation after notice constitutes a willful act.
2. After due notice, each Lot owner shall correct, repair and/or remedy any condition of excessive washout of land behind the bulkhead or excessive erosion of land into the streets located within the Pelican Cove Subdivision.
3. Whenever the Board of Directors determines that excessive washout of land behind bulkheads or excessive erosion into subdivision streets is occurring or most probably will occur on or from any Lot during the next major rain event, the Board shall cause notice to be given to the Lot owner that the Lot owner shall correct, repair and/or remedy the conditions within the time prescribed in the notice.

4. Failure of any Lot owner to correct, repair and/or remedy bulkhead washout or excessive erosion in to a subdivision street as herein prescribed will result in the Board of Directors correcting, repairing and/or remedying the bulkhead washout or erosion into subdivision street and assessing the cost for the same to the Lot owner.

5. To the extent necessary to obtain compliance with this resolution, the Board will pursue any and all remedies available to it, including the remedies set forth in Article 7.1 of the Covenants and Restrictions.
