

The South West Aerial Championship is available to anyone wishing to perform from a piece of equipment which can be rigged from a single rigging point or spreader bar if double point required.

For our doubles competitors 2 rigging points side by side can be used to allow for synchronised moves. 3m apart.

Side by side rigging points 3m apart available for Cloud or similar.

Rigging point is 5.5m high. There is a large floor space all around the rigging point to allow for floor work.

2 Poles available, 4m high, spin or static.

Floor is smooth wooden floor.

Crash mats are compulsory for all youth silk competitors and will be supplied for anyone wanting them. No marks will be lost for using crash mats.

The only equipment supplied on the day will be a 2 x Silk, 2 x Long Sling, 2 x 95cm Tableless Hoop, various length strops and swivels. If you require anything other this please bring with you. 2 Poles.

Please feel free to bring your own equipment if required. Aerial Allsorts and South West Aerial Championship accepts no responsibility for equipment failure and requests you have any equipment safety checked before use. Please also bring your own strop and carabina for quick changeovers.

All equipment can be rigged at adjustable height.

Any equipment that can be rigged from above can be entered into the Aerial Competition. For example Flying Pole will be in the Aerial Comp and not the Pole Comp.
