

What Is On My Ballot?

Empowering Voters Nationwide

Year in Review

As the year comes to a close, we at What Is On My Ballot want to reflect on our work in 2024, as well as our plans for the year ahead. Our organization was launched in November of this year, and we established initial plans for voter advocacy throughout December. We are very excited to kick off the New Year in 2025 and start our campaign for informed voting!

Our Plans for 2025

2025 will be the first year of full operations for What Is On My Ballot, and we have some exciting plans for outreach! Over the coming months, we will begin reaching out to county governments in various locations across America to introduce biographies and other valuable information about candidates into the election process. More details about our work in governmental outreach will be coming soon as we get started!
