

What Is On My Ballot?

Empowering Voters Nationwide

Reintroducing Our Team!

Over the past year, we've been excited to welcome several new team members from across the United States, and we wanted to reintroduce you to a couple of them as we head into the crucial 2026 midterms this year! Take a look:

Founder: Akash Vukoti

I'm Akash Vukoti, a junior at Central High School in San Angelo, TX! You may know me as the Spelling Bee Kid from Steve Harvey's Little Big Shots!

I founded What Is On My Ballot in November 2024 to empower voters across America by advocating for candidate statements and wider dissemination of election information. My goal is to help voters, like my parents, feel confident that they have chosen representatives who truly reflect their values.

Texas: Leonardo Piña

Head of San Angelo Chapter - Central High School, TX

I'm a junior at Central High School, and participate in extracurriculars like DECA, HOSA, and UIL. I joined What Is On My Ballot because I would like to inform people on the importance of voting. I like to run 5Ks, cook, and play the piano, and I lived in Mexico for four years!

Florida: Ben Graumann

Orlando Chapter - Trinity Preparatory School

I'm Ben, I love history and politics and I read many books about it, I find out anything I can and I try to connect politics of History to contemporary politics and see how we can learn from past events. Last presidential election, I would ask who people were voting for and they couldn't tell me about that candidate's policies! I think voter education is essential. I design board games for fun - in fact, I've even made my own themed version of Monopoly!

Texas: Amrita Vukoti

Head of College Station Chapter - Texas A&M University
I'm Amrita, a freshman studying Biology at Texas A&M! I've always had an interest in government and politics, so What Is On My Ballot ended up being a very convenient way for me to exercise it and make a change in our current system while also being able to focus on my studies! I was a quarterfinalist at the National Speech and Debate Tournament in Impromptu Speaking in 2025!

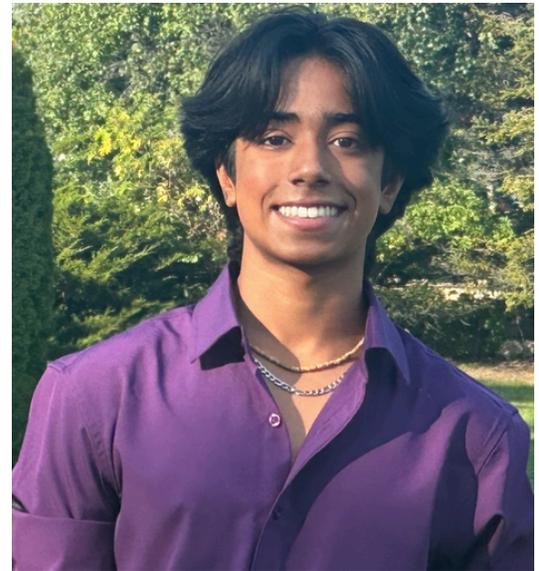

Florida: Blake McFalls

Head of Orlando Chapter - Trinity Preparatory School
I'm Blake and I'm a junior at Trinity Preparatory School in Central Florida. I do extracurriculars such as speech and debate and Model UN, allowing me to engage in a political community of youth scholars. After Akash notified me about What Is On My Ballot, I felt that there in fact was a massive need for informing voters about their ballot, and I am looking forward to educating a broader community this midterm season and beyond!

Illinois: Krishna Pabbu

Head of Chicago Chapter + Chief Technology Officer
I'm Krishna, a high school student interested in computer science, data science, and civic tech. I'm involved in clubs like coding, chess, and FBLA, and I enjoy building projects that combine technology with real-world impact. I joined What Is On My Ballot because I like using technology to make complex information more accessible. Civic engagement can feel overwhelming, especially for first time voters, and this project uses tech to simplify the process and help people make informed decisions.
