

What Is On My Ballot?

Empowering Voters Nationwide

Summer Review

Summer is in full swing, and even though election season may seem distant, What Is On My Ballot is hard at work developing resources, programs, and outreach to ensure voters feel prepared and empowered on Election Day! This edition offers a lighter update, designed to keep you informed and engaged on our plans for November!

Our Plans for the Fall

This fall, we're expanding our efforts like never before with new programs designed to keep voters informed nationwide! In Texas, we'll be sharing clear, accessible information about the 17 proposed amendments to the State Constitution appearing on the November ballot. Beyond Texas, we've already begun initiatives in other states—and our goal is to bring What Is On My Ballot? resources to communities across the entire country in the months ahead.

Volunteering Nationwide

We're inviting volunteers from around the nation to help us make the American government more representative of its people! Help put the "YOU" in U-S-A and sign up to volunteer with us at WhatIsOnMyBallot.org/Volunteer-With-Us!
