

# SABORA WASHINGTON

DIRECTOR OF EDUCATION & MASTER EDUCATOR

Sabora has been passionate about beauty for well over 15 years. In 2005-2006 she enrolled into Dudley's Beauty College, which turned into Lashae's Beauty Academy and then finally transitioned into Durham Beauty Academy from which she graduated with honors.

From 2006-2009, Sabora began her career at V.S.O.P Salon, under the ownership of Mina Fort. Mrs. Fort was one of her educators who offered a position at her salon while Sabora was still training under her leadership. After a few years with V.S.O.P, Sabora branched out and continued building her career at The Dynasty Beauty and Business Salon, under the ownership of Stylz. During her time at the Dynasty, she gained a wealth of experience to include headlining shows like Women's Empowerment, servicing professional athletics, scientists, judges, doctors, and radio personnel. During this same time, I Saborah worked hard to continue growing and servicing her loyal clients under "Sabora's Signature".

In 2009, Sabora was asked by Jonae Porter, the COO (Chief of Operations) of Durham Beauty Academy to be a part of DBA. She enrolled and graduated from the instructors program with honors and was awarded for "Most likely to Succeed". During the training, Sabora was offered a position with the company and went from a student instructor to the Basic instructor. Shortly after, she promoted to the Advance Department and Clinic Floor Educator. Not much later, Sabora was promoted to Educational Manager. Even with being a mother of two sons, Sabora still continued servicing her clients' beauty needs, instructing and managing at Durham Beauty Academy.

IN 2016, Tracee Hester, CEO of Trendy Nailz Institute, made a brief visit to the Durham Beauty Academy. She confided in Sabora about her intentions to open a Beauty School and inquired about her interest in teaming up. Because Sabora was very familiar with the operations of beauty schools, she was excited to join Tracee on her mission.

In 2017, Trendy Nailz Institute was born, where Sabora currently serves as the Director of Education and Master Educator! Sabora's motto is that she doesn't care much that the world knows about HER, but she'd rather them know about HE who is within her.

Sabora is a purpose pusher who reminds people that the mindset to help others tag-teamed with your talent IS your purpose. She encourages people to NEVER lose hope and to NEVER stop believing. She reminds people that everyday you can CHOOSE to live your DREAM, and she encourages all who meet her to "stay unique, stay positive, stay true, be kind, be honest, like yourself when you're by yourself, don't forget to breathe, know you will make mistakes, know you will be okay, TRUST something bigger than yourself, and most importantly, don't forget to LOVE!"
