— THE PASSION

Sunny learned that she had a true love for nails and nail art in 2019. She often styled her own nails and her friend's nails also. Nail designing seemed therapeutic to Sunny, and she soon found it be a great way to relieve anxiety.

In 2021, Sunny realized that she wanted to work in a more fulfilled capacity than what her corporate job was allowing, so she took a chance on herself. She quit her corporate job in April 2021 and attended nail school. By August, she had opened her own salon! Sunny loves her profession and often states that "the salon is my safe place - my home".

— ACCOMPLISHMENTS

In 2021, Sunny completed nail school and became a certified nail tech and owner of her own salon.

Since opening her Garner, NC Salon in 2021, Sunny has serviced many satisfied clients, networked with high-end individuals in the nail industry, and has been interviewed by local magazines.

She looks forward to continued success in the business, and expanding her brand!
