

# October Newsletter

October has been a fantastic month for Darwin Education CIC. We have opened our doors to our first students and have had many visitors to the centre. We have also become a HCC Approved Alternative Provision Provider too.

We have a men's Sunday League as a satellite club to us that part of the Hitchin Sunday League. This allows any player to get any education they may want to continue with. We believe that education doesn't finish when you leave school. There are amazing role models in this team with an age range of 16 to 56. The start of the season has been a great one for the lads.

If you'd like to visit the centre at any point then please give us an email at  
[darwineducations@gmail.com](mailto:darwineducations@gmail.com)

Our doors are always open for visitors and our kettle is always on for a cup of tea.
