

I EDUCATION ONLINE UNIVERSITY FOUNDATION PROGRAMME

The I-Education online foundation programme (certified by the University of Buckingham) is a flexible, accessible way for students to prepare for university, especially for those from diverse backgrounds. It builds essential skills, covers core subjects, and allows learning from home ideal for international students. Completing this programme boosts confidence and helps meet university entry requirements, making it an efficient path to higher education.

1

Why Choose Our Online Foundation Programme?

Get Prepared: Our programme is designed to bridge the gap between secondary education and undergraduate studies, especially for students transitioning into the UK education system. Flexible schedule and structured courses make it ideal for balancing studies with other commitments.

How It Works

Flexible Learning: Students can access classes and a variety of learning resources online, allowing you to study at your own pace 24/7.

Progress Tracking: Regular testing via continuous assessment enables students to monitor their progress, growth and results throughout their studies.

Supportive Environment: Enjoy a supportive learning platform with direct access to a comprehensive and dynamic range of learning materials to ensure all students can excel.

2

Entry Requirements

Application Process: Complete an online application form and submit any required transcripts or language qualifications.

Language Proficiency: English language support is available for non-native speakers, with a requirement of minimum IELTS or equivalent.

Open to All: Whether you're coming from high school or changing career paths, our entry requirements are accessible to help you succeed.

3

Pathway to University

Guaranteed University Entry: Upon completion, students will meet the entry standards for various UK universities.

Build Confidence: Experience university-style learning and gain the skills you need for a smooth transition into degree programmes.

Recognition: A University Foundation Programme certificate is recognised by many UK institutions and opens doors to undergraduate opportunities.
