RIVERWOOD

Community Buzz

"Someone's sitting in the shade today because someone planted a tree a long time ago."
~ Warren Buffet

There are many reasons why trees, especially mature trees, raise the property value of your home. Trees provide majestic beauty and undeniable curb appeal, along with much needed shade in the Texas heat.

It's apparent that last year's drought was particularly hard on our beautiful Riverwood trees - and even the deathblow for many. Some of our trees now have an increased risk of injury and property damage due to fallen limbs, termites, tree diseases, blocking road access and other hazards.

If you haven't already, please inspect all of your trees and make plans for trimming, treatment or removal.

Estimates are free and we suggest that you get at least three quotes. Don't know who to call? Here are a few (insured) tree trimming services that some of our neighbors have used in the past and recommend:

- Junior's Tree Service, tel: 832-785-7528
- Monkey Tree Service, tel: 346-504-6976
- Sticks Tree Service, tel: 281-373-1472

The final decision is yours - contract with the tree service that you like best. If you'd like to try to save the tree, an arborist or even some pest control companies offer tree services too.

REMINDER

2024 RPOA invoices were mailed January 31. Have you paid?

If there are any issues or questions, don't hesitate to get in touch.
