Longer Lasting

For enhanced weatherability and resistance to fading, darker colors use quality GELOY® resins manufactured by GE Plastics.

Evolutions®

The Start Of Something Beautiful

Evolutions® vinyl siding is designed to provide the beauty of wood siding in a low-maintenance exterior. The various profiles and durable construction are just the beginning of the beauty and value Evolutions adds to your home.

- Never needs painting or staining, so chipping, flaking, and peeling are things of the past
- Does not absorb water, which eliminates warping, cracking, splitting, and rotting
- Resistant to fungus, mildew, and wood-boring insects
- Looks better longer by resisting impact, weather extremes, pollutants, and UV light
- Lifetime limited warranty

Classic Colors

Color clear-through formulation means scratches and nicks won't show.

NOTE: Colors shown are mechanically produced and may vary from actual product. Please refer to the actual product sample for true color representation.
