36"

A

**Plumbing center line**

Measure all the window and door openings from outside trim edge to outside trim edge
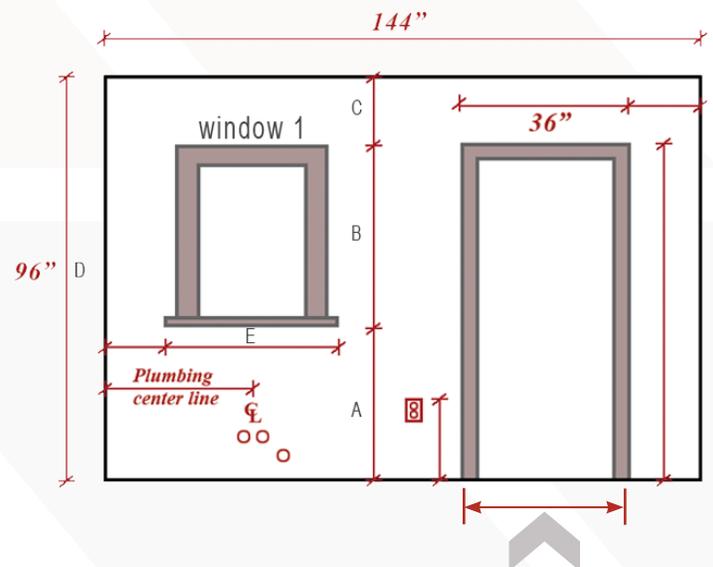

## How To Measure

*Tip: Pick a corner to start. Then measure the full length of the wall. Continue around the whole room.*

! Be sure to measure from the outside of the trim edge to the far wall.

! Make sure that all your measurements add up to the overall wall measurement.

**Mark all your measurements in inches only, so 7'6" should be marked as 90".**

**90"**

## Window Measurements

| Name | Width | Height | Distance From Floor |
|------|-------|--------|---------------------|
|      |       |        |                     |
|      |       |        |                     |
|      |       |        |                     |
|      |       |        |                     |
