Introduction to Viking Crew - *Epic careers opportunities onboard*

For the attention of Government Officials

Established in 1988, Viking Crew (part of the Viking Maritime Group) is the leading Cruise, Superyacht and Specialist maritime crew services provider. Our aim is to keep the at-sea operations moving through Crew Placement, Crew Management and Crew Deployment.

A British company with a global reach, for over 30 years Viking has long been a pioneer in the maritime industry. We have built global working alliances where the full extent of our resources is available, ensuring flexibly when and where you need them most.

Our international portfolio of clients includes some of the most prestigious names in the cruise industry, as well as private clients who are seeking crew members to join their teams in roles across Deck, Technical and Hospitality.

Presently we have an increased need for Hospitality professionals for a number of small, luxury cruise operators, including positions in hotel service, culinary and guest services.

With our private yacht and specialist clients we are seeking skilled and experienced seafarers to fill roles as Deckhands and Marine Engineers.

We are proud to announce that we are working with Lemoneight, as our brand ambassador as we increase our geographic presence around the world, including in the Caribbean.

To register interest and view details on these openings please scan the QR code below – this will take you to our dedicated landing page at www.vikingcrew.com

We thank you for your support,

Paul Rutterford
Operations Director
