One-Time Cleans + Deep Cleans + Move-In/Move-Out Cleans

Not sure which one you need? Here's the difference.

ONE-TIME CLEAN

A One-Time Clean includes everything you would receive during a regular Maintenance Clean, just without committing to recurring service.

This is a great option if your home is already generally maintained but could use a professional refresh before guests arrive, after a busy season, or simply whenever you need an extra hand.

Think: a thorough maintenance cleaning, booked as needed.

DEEP CLEAN

A Deep Clean goes well beyond routine maintenance. This service is designed for homes that need extra time, attention, and detailed cleaning to address areas that aren't typically covered during regular visits.

Because every home is different, a Deep Clean is customized based on the condition and needs of your space. It may involve significantly more detailed scrubbing, buildup removal, and attention to commonly overlooked areas.

Deep Cleans are much more labor-intensive and can take considerably longer than a Maintenance or One-Time Clean. Think: we're not just maintaining your home, we're giving it a reset.

MOVE-IN/MOVE-OUT CLEANS

A thorough cleaning designed to prepare a home for a new resident or leave it fresh and ready for the next one. Includes detailed cleaning of the home's surfaces, kitchen, bathrooms, floors, and other areas to help make moving day a little easier.

DEEP CLEANS

- Baseboards
- Doors and door frames
- Light fixtures
- Ceiling fans
- Detailed bathroom cleaning
- Buildup around faucets and fixtures
- Cabinet fronts
- More detailed kitchen cleaning
- Hard-to-reach areas
- Extra dust and buildup

MOVE-IN/MOVE-OUT

- Inside cabinets
- Inside drawers
- Inside closets
- Inside appliances
- More detailed floors
- Baseboards
- Doors and trim
- Bathrooms
- Kitchen
- Empty rooms
