
STILLWATER EQUINE

VETERINARY SERVICES

Fee Schedule 2024

Fresh Semen Package **\$350 / per cycle**

Frozen Semen Package **\$450 / per cycle**

****These per cycle packages allow the veterinarian the flexibility to follow your mare closely through her heat period, providing optimal timing of insemination, while minimizing unforeseen expenses. Packages are available for mares bred at the clinic only. Packages include: **ALL ultrasounds up until 14-day pregnancy; medications to adjust cycle and encourage timely ovulation; uterine evaluation; ultrasound examinations; artificial insemination. This package does not include uterine cultures or cytology. This package does not include sedation (*only if needed). This package also does not include daily board charges. Each additional cycle will be \$225 for fresh and \$325 for frozen per cycle.*

Embryo Transfer Services

Positive Flush Fee **\$550 / per cycle**

Negative Flush Fee **\$350 / per cycle**

ICSI Embryo Transfer Fee **\$550 / embryo**

Recipient Pregnancy Fee **\$4,000 / per pregnancy**

Foaling Services

Foal Out All-inclusive Package **\$400**

****Includes assisted delivery, FOALALERT insemination and maintenance, placental examination, milk testing, banamine administration (if deemed necessary by Veterinarian), deworming, nasogastric intubation (if deemed necessary by Veterinarian). The neonatal care includes physical examination after birth, routine fleet enema administration, navel disinfection, and IgG testing. This package does not include daily board charges.*

Plasma **\$650 / per bag**

Board fees

Wet mare **\$25 / per day**

Dry Mare **\$15 / per day**

***Please note that all equine care is case dependent and may have additional charges. We will do our best to make each client aware of these additional charges as they arise.*
