## Velvet Touch Rose Care

### Thank You!!!

Wow! Another season of roses has come and gone. It can be hard to believe that the roses have gone back to sleep and we are all getting ready for the winter to set in. This was a big year for the company; completing our 17th season and our first year in the ownership of Scott and Melody Brown. For both returning and new customers, I just want to thank you for trusting us to care for your rose gardens. It is always exciting to go around to each of your properties. Being able to see the roses thriving and the joy they bring each of you is a huge benefit of my job. I wish you all the happiness of holidays as we finish out the year and enter 2020. See you in the Spring!

Best Regards,

Matt Bernoi

### That's a Wrap

Each year mother nature presents us with new challenges to rise and meet. Last year it was the amount of rain and a battle against disease. This year it was a lack of rain, intense heats mid summer followed up by the perfect temperatures and humidity for disease to thrive. Despite the conditions our care program proved to be successful in producing beautiful roses. I hope you each were able to enjoy the sights and smells of the roses whether in your gardens or bringing them into your home!

### What's To Come!

Coming in 2020 we have some exciting new changes to introduce to our service plans. We will be offering three different tiers of service plans for your rose gardens! Don't worry, our current services will be our most basics plan with subsequent plans containing more services to make maintaining your rose gardens even easier for you!

Thank You for being a part of the Velvet Touch Rose Care Family!
