**DIAMOND SCHOOL OF DANCE
22 ANNUAL SPRING PERFORMANCE**

JUNE 10-12

Welcome

Twenty-two years ago a dream came true as we held our first performance on a tiny stage filled with a handful of starry eyed students. And, while recital today doesn't look anything like it did two decades ago, the spirit in which we approach it is the same: A chance for our children to showcase their achievements and share their passion for dance surrounded by a dance family that is cheering them on and celebrating their growths big and small.

From the tiniest dancer taking the stage for the very first time today, growing in confidence, to the graduating seniors who are ready to begin the next step in their journey, this weekend we celebrate your children, their achievements, and the joy of dance! We celebrate you the parents, and extended family, who create such a beautiful community inside of our studio.

We celebrate the teachers and leadership team at DSD who make each class More Than Just Great Dancing®.

The show you are about to see is a story of courage and of growth for every dancer who steps onto the stage today. Will you join us in giving your heartiest applause for these incredible kids as they take the stage and share their hearts with you.

Miss Alicia

From your child's first steps.... to their graduation performance!

Brooklyn started her dance story at DSD 8 years ago, but has been dancing for 15! Her favorite style of dance is contemporary because she can feel free to listen and move to the music without feeling like she needs to be perfect or overly technical. Dance has made a positive impact in Brooklyn's life by giving her something that can clear her mind when she needs a break and has given her a place where she can be around people who love dance as much as she does.

Brooklyn's biggest piece of advice to DSD's dancers is to have fun and enjoy dance - she says it's the most important thing about dance!

Brooklyn plans to continue dancing and hopes to become a dance instructor after she finishes her Internship at DSD.

Brooklyn would like to give a special shout out to her parents! She would like to thank them for supporting her every step of the way in life and for being at every performance. She would like to thank the DSD Staff Team for helping her get to where she is now. She feels she would not have been able to improve as much as she did without all the teachers' support at DSD.

The people she has met through dance have become like family to her.

Thalia's biggest piece of advice to DSD's dancers is to be nice to each other, be friends with everyone in your classes and make the studio feel like a second home - allow dance and the studio to be an escape from all the stressors in life. She says the studio is the perfect safe space.
