BOATING & SAFETY

PA BOAT REG.

Many boats on Elk Lake are missing the state registration numbers. This number is the number from your boat registration and it's applied to the bow of the boat, on both sides, in large 3" numbers of contrasting color. The PA Fish Comm. can fine these boat owners. Joe Farrell will give friendly reminders to owners without the state number on their boat.

BOAT COMMITTEE

ELDA HORSEPOWER

Reminder when purchasing a new motor for your boat there are very specific limitations of those in our by-laws. Documentation of registration, horsepower and length of craft must be brought before the board before a sticker is awarded. Please remember everything that floats (except rafts) on the lake needs a sticker.

WINTER 2023/2024

RUNAWAY DOCKS

Reminder to all ELDA members, please securely tie your docks at the end of the season. This past winter 2 docks floated to the middle of the lake. The concern is if they freeze into the lake and cause a safety hazard for snowmobilers.

WAYNE METHODIST CHURCH

FOOD DONATION

Karen Firmstone is requesting food donations. The donations provide meals/food for local families. There will be a collection box at Jakes.

FIREWORKS

Paul Szwayka announced that Jake's fireworks are planned for July 5th!

Thank you, Paul...
