

WE'RE BAAAAACK!!!!

OCTOBER 3-4, 2021- ATLANTIC CITY, NJ

The New Jersey Bakers Board of Trade is happy to announce that Atlantic Bakery Expo is now Artisan Bakery Expo East. Although we have had to postpone it several times, we are excited to finally be able to meet and greet our fellow bakers. In addition to a great bakery show, we have partnered with Pizza and Pasta Northeast to give you two shows for the price of one! In addition, to celebrate a Covid free show, we are offering free registration!

Come meet an assortment of suppliers and equipment manufacturers to help you expand your business and reduce your costs.

We will have a variety of hand-on classes, demos and seminars to keep you up to date on the latest trends in the industry. From hands-on sourdough breadmaking to using social media

to promote your bakery, there are many opportunities to increase your professional knowledge and skills.

SKILLS: The New Jersey Bakers Board of Trade continued their support for the next generation of bakers by sponsoring the New Jersey Skills Commercial Baking contest. In addition to judging the competition, NJBBT supplies a stipend for the winner to attend the National Skills competition. While New

Jersey was able to hold an in-person competition, due to Covid this year's national competition was held virtually. For that reason, the award was changed to a scholarship.

Congratulations to Eleanor Cunningham from Somerset County Vocational and Technical School on being the best in the state.

SCHOLARSHIPS: Congratulations to Kianni Lopez, this year's winner of the Barry Kahn Memorial Scholarship for Baking/Pastry students.
