

Save money with the all-in-one POTS replacement solution.

Ooma AirDial® enables **healthcare organizations** to save money, and keep using critical alarm, safety, building access and fax systems by migrating from copper-based phone lines to an intelligent all-in-one solution that runs on a hassle-free wireless network.

Ooma AirDial allows you to retain your critical systems and is ideal for:

Security Alarm Panels

Medical Monitoring Equipment

Fire Alarm Panels

Building Entry Phones

Elevator Phones

Fax Machines

Public Safety Phones

Backup Phone Service

All-inclusive solution

- Solve all POTS challenges with one provider - hardware, data, and phone service with no monthly rate “surprises”.

Tremendous value

- Save money on monthly phone bills.

Compliance

- Built with the applicable guidelines of UL, NFPA 72, California Fire Marshal, New York City Fire Department and ASME A17.1B in mind.
- Supports Kari’s Law and Ray Baum’s Act.

Simple migration

- Provides a quick, easy migration and organizations can keep using existing systems.

DIY or turnkey installation

- Deploy yourself; or receive end-to-end project management from assessment to installation and support.

Flexible deployment options

- Configure to provide LTE failover for mission critical VoIP lines.

Remotely managed

- Get automatic software updates and system monitoring.

Increase visibility

- Manage all locations and devices using intuitive web portal. Get SMS and email alerts when specific numbers are dialed or should outages occur.

Failover Protection

- MultiPath technology sends all voice traffic over both the LTE and wired Ethernet links simultaneously to avoid service interruptions; backup battery maintains service for 16 hours which can be extended to more than 24 hours using an optional external battery accessory.
