

Cruise Highlights

Hells Gates: Enter Macquarie Harbour through the famous Hells Gates; visit fish farms and learn about west coast salmon & trout farming (with tastings).

Gordon River & Heritage Landing: Cruise quietly with electric motors through pristine World Heritage-listed wilderness; stroll elevated boardwalks through temperate rainforest and marvel at ancient Huon pines.

Sarah Island: Explore the ruins of the historic penal colony with guided stories of convicts before returning to Strahan

YOUR JOURNEY

- 1) Approximately 30 minutes after departing Strahan, you'll reach Hells Gates. We aim to travel through the narrow mouth of the harbour but on occasion, rough seas may not permit. This is the place the convicts referred to as the 'gates to hell'.
- 2) Passing salmon and ocean trout farms as you travel south from Hells Gates, you will pause for a few minutes and may see the fish being fed.
- 3) The next highlight is entering the Gordon River with *Spirit of the Wild's* signature electric motors quietly taking you into this ancient wilderness. Have your camera ready for this part of the cruise!
- 4) Stroll the boardwalk at Heritage Landing, taking in the sight of ancient Huon pines and other temperate rainforest species. Approximately 30 minutes is spent at Heritage Landing.
- 5) Enjoy a delicious Chef-prepared lunch on the Gordon River, including Tasmanian salmon from the farms you have just visited.
- 6) Step ashore at Sarah Island for an outstanding interpretive tour, hosted by guides from the Round Earth Company. Learn about the horrible convict history of this little World Heritage-listed island.
- 7) Return to Strahan on board *Spirit of the Wild*, still living the tales of the day and reflecting on the many thousands of years that have shaped this remarkable place.

Key

Gordon River Cruise (GRC)
