

BEECHMONT
ESTATE

INTRODUCING BEACHMONT ESTATE

Located just 45 minutes from the Gold Coast and 90 minutes from Brisbane, Beechmont Estate is the epitome of a luxury country estate.

From its position in the heart of the Scenic Rim and the edge of Gold Coast Hinterland, it is situated amidst rolling green hills, distant peaks and quaint country villages. The 75-acre property neighbours World Heritage listed Lamington National Park, making it the ideal sanctuary to slow down.

Beechmont Estate is also home to the chef-hatted 'The Paddock restaurant'. The Paddock celebrates the Scenic Rim's farming heritage with a menu built around seasonal produce sourced from local markets, its on-site kitchen garden, and premier Australian producers.

BEECHMONT

Beechmont Estate is located in Beechmont (pop 842), a quaint country village featuring an old-style community hall and country markets, between the Lamington Plateau and Tamborine Mountain.

The district takes its name from the white beech trees, once prolific in the area, which first settlers used for timber. The Beechmont district was first occupied by the Yugambah people before the arrival of these timber cutters in the 1880s.

Located approximately 600m above sea level, Beechmont Estate experiences its own micro-climate. Beechmont is around six to eight degrees cooler than the Gold Coast and is home to the second highest rainfall in Australia outside of Tasmania.

Today, the pretty town is a popular destination for bushwalkers who travel through on their way to the Binna Burra section of Lamington National Park. It's also popular for Rosin's Lookout on top of the ridgeline which offers views over the Numbinbar Valley across to Springbrook and Mount Warning. The lookout offers barbeque and picnic facilities and is a launch site for hanggliders and paragliders.

LAMINGTON NATIONAL PARK

The Estate sits on the edge of Lamington National Park, home to the Gondwana Rainforests of Australia World Heritage Area. It's a spectacular place to visit, with ancient trees, lush rainforest, picturesque views and extensive walking tracks, not to mention its natural beauty and ecological importance.

The area is known as Woonoongoora to its earliest inhabitants — the Yugambeh Aboriginal kinship group — and the mountains are sacred and spiritual places.

Lamington National Park has a rich volcanic history which contributes to the highly fertile nature of the soil on the plateau. The park is also an important refuge for many animals and home to rare songbirds. The park plays a critical role in the conservation of native flora and fauna, many of which are threatened species.

THE PADDOCK RESTAURANT

OUR PHILOSOPHY

At The Paddock restaurant we are here to serve contrasting, contemporary food with a sense of place.

We create our dishes with a focus on hyper-local and sustainable produce, using this produce from root-to-stem and nose-to-tail. Why is this important to us? Well, why not make a difference if you have the opportunity? We cook for lots of people every week; we have the chance to make a change. If we can do this while highlighting the bespoke local suppliers that are at our fingertips, we are happy.

The flavour you get from cooking over open fire is like nothing else. When the wood burns, the smoky aromas transfer to that ingredient, and it embeds the food with the depth and history of that tree.

We love ancient and modern ways of cooking, but most of all we love challenging ourselves to do things out of the ordinary, without constraints or ideas of what should be.

Our menu is ever-changing as the seasons come and go and our ideas ebb and flow. Our hope for you is that you have a unique memorable experience every time you visit. We want to provoke your senses with this beautiful environment and a taste of 'the right kind of living', here at Beechmont Estate.

THE Paddock RESTAURANT

OUR FOOD

The Paddock restaurant delivers unpretentious, wholesome fare that celebrates the quality of the local produce. A casual take on fine dining, the two chef-hatted (AGFG, 2025) restaurant serves up seasonal creations for breakfast, lunch and dinner. The culinary team has created an à la carte menu which showcases the region's finest ingredients, sourcing sustainable produce from the Scenic Rim and the surrounding region of South East Queensland.

OUR WINE

The Paddock menu is delivered with utmost attention to sight, taste and texture and perfectly matched by a hand-picked list of beverages. Our resident sommelier has carefully curated a selection of the best drops from each of Australia's renowned wine regions as well as European variants including Barolo, Chianti and Sancerre and top Australian brews.

DESIGN

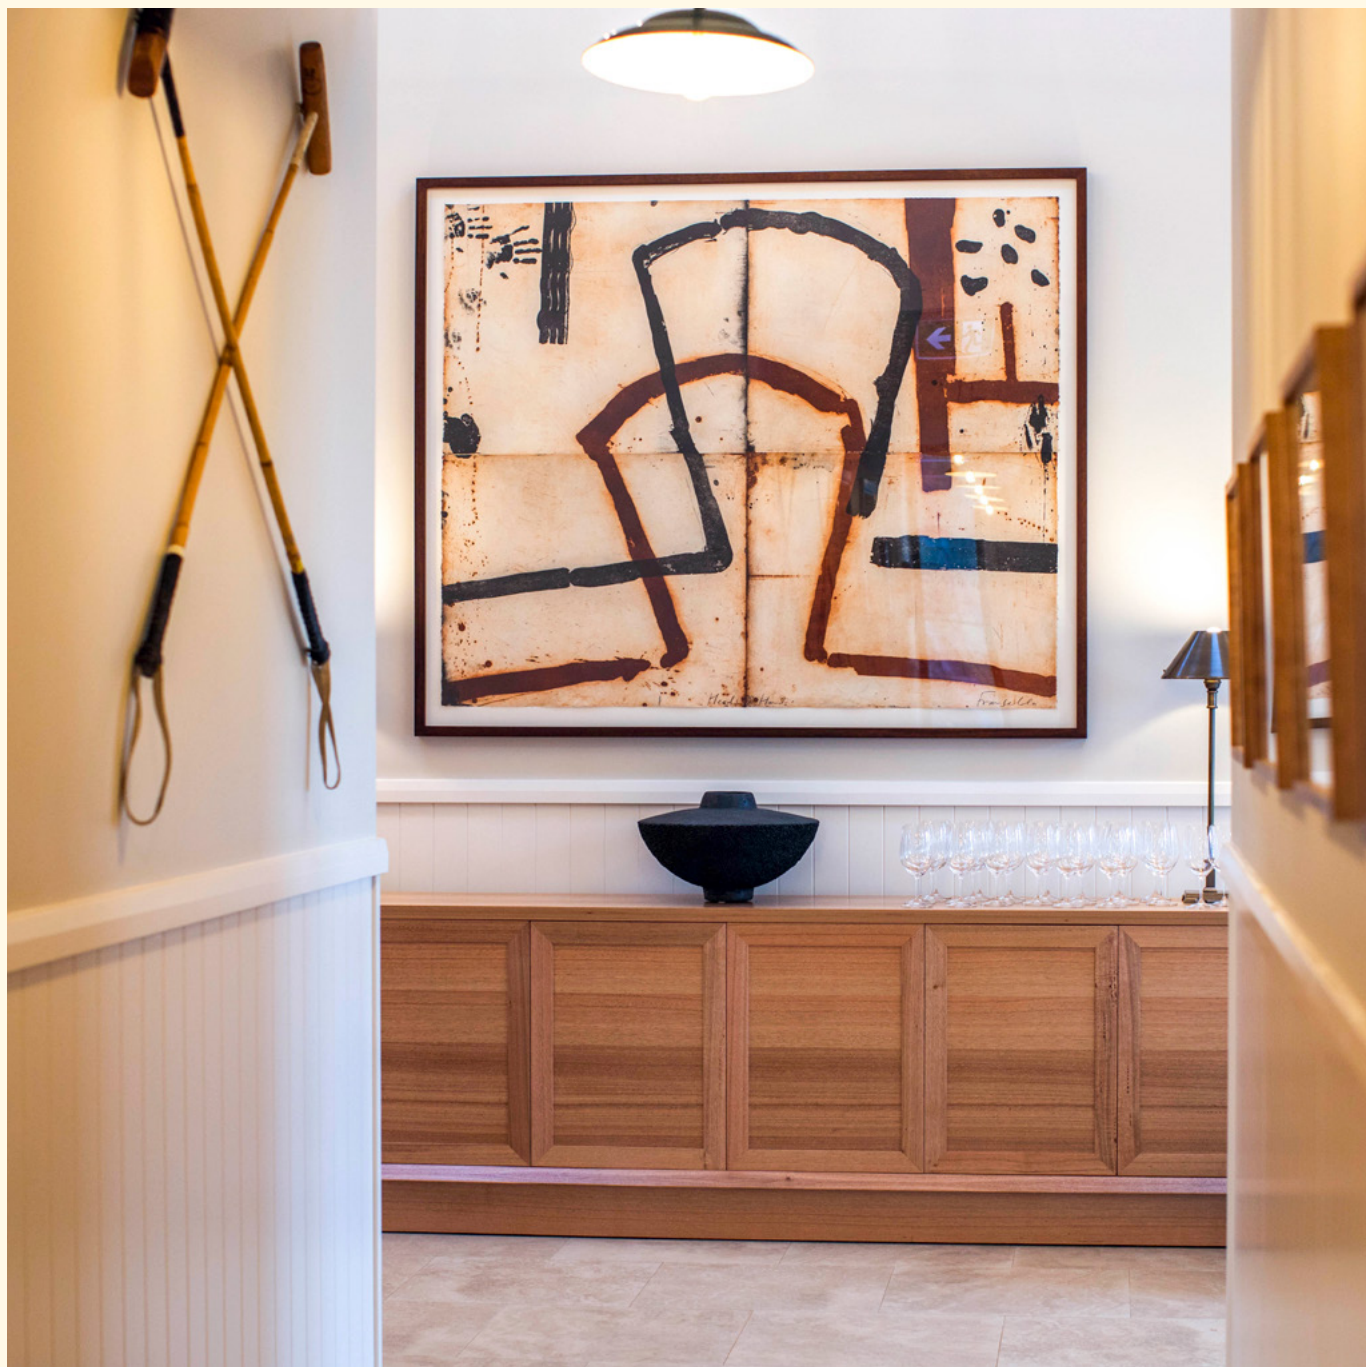

The design vision of Beechmont Estate was to create a space that encourages guests to slow down, become grounded and appreciate the natural beauty that surrounds us. To achieve this vision, the expertise of acclaimed Brisbane-based Interior Designer, Claire Stevens, was enlisted.

Claire has a reputation for creating nurturing and sophisticated Spaces. Every detail of the interior styling was carefully selected to effortlessly capture the comfort of a home away from home.

THE Paddock RESTAURANT

The heavy, sliding barn doors create a dramatic entrance to The Paddock restaurant. Once inside, the scale of the space plays a key part in the design, with your attention immediately drawn to the rolling green hills outside. The décor here was chosen to have a rich textured feel with leathers and timbers that will age with grace, and more masculine earthy tones. Claire sourced and designed furniture from local makers, Currumbin Wood Workers, to create individual pieces suited to the space and setting.

The space is cleverly lit to create a cosy feel, while highlighting the rooms features. Clever zoning creates scenarios to suit all occasions and is central to the aim of creating an inviting and comfortable atmosphere with a large communal fireplace around which to enjoy a wine at the end of the day.

DAY SPA

Experience pure indulgence at the Beechmont Estate's day spa.

Located a stone's throw from the kitchen garden the spa is housed in a purpose-built individual cabin with two private treatment rooms. The calming interiors are designed to blend seamlessly with the natural surroundings, leaving you feeling relaxed and restored.

The spa menu has been designed exclusively for the spa in consultation with luxury Australian amenities brand LaGaia. It features a range of organic facials, massages and body treatments all inspired by the natural riches of the Scenic Rim.

SUSTAINABILITY

Surrounded by the pristine World Heritage-listed Lamington National Park, we are constantly reminded of the importance of environmental conservation. A focus on sustainability and the local environment extends to all facets of Beechmont Estate's operations including the green building principles that were embedded in the estate's design and construction.

The build saw the planting of over 6,000 trees, including native plants, to rejuvenate soil biology and the restoration of the once derelict dairy farm using regenerative farming practices.

Solar power currently accounts for 71% of Beechmont Estate's energy consumption (all energy excluding overnight usage) and the supply of Vanadium batteries by Vecco Group will see the property go completely off-grid in the next two years. The lodge has over 600,000 litres of water storage onsite, with all water used being harvested rainwater.

In our signature restaurant, The Paddock, our culinary team create dishes with a focus on hyper-local and sustainable produce, using this produce from root-to-stem and nose-to-tail. The team also use creative methods to reduce food waste like smoking, curing and fermentation so no produce is discarded.

Our guests are also immersed in our passion for the environment. The Paddock's menus are curated to educate guests on the provenance of the food they are consuming, and our experiences and activities are centred around environmental education including market garden tours and bushwalking trails.

NATURE BASED EXPERIENCES

Guests can get back to nature with activities and experiences centred around our beautiful property.

EXPLORE LAMINGTON NATIONAL PARK

Lamington National Park has some of Australia's best and most scenic bush walking trails with beautiful views and a range of trails that suit every experience and fitness level from 45 mins to 8 hours. Guided hikes can also be arranged with Lisa Groom from Park Tours, the granddaughter of the founding father of Binna Burra.

YOGA

Reserve an invigorating private yoga session with our locally based instructor. Private sessions are tailored to your fitness level and goals. An additional charge applies for private instruction. Use of the yoga equipment for your self-guided session is complimentary.

BIRDWATCHING EXPERIENCE

Rise early to discover some of the beautiful, rare birds in Lamington National Park. Some of the best bird watching in the region can be found in and around the Rainforest Circuit. Listen for the calls and chatter of bowerbirds and catbirds as you walk. These are members of the oldest lineage of songbirds.

E-BIKE RIDE

We invite guests to explore the estate grounds with a leisurely bike ride on our e-bikes. Use of the e-bikes is complimentary for estate guests.
